Mr. Wisler Cured of Indigestion.

"Some time in 1909 when I had an attack of indigestion and everything looked gloomy to me, I received a free sample of Chamberlain's Tablets by mail. I gave them a trial and they were such a help to me that I bought a package, and I can truthfully say that I have not had a similar attack since," writes Wm. B. Wisler, Douglassville, Pa.

The Boy Problem

Boys will be boys, they romp and play, soil and tear their clothes, so why worry and fret. Dress your boy in Overalls—in

Two-Horse Brand Boys' Overalls

(Genuine Indigo Dyed) and let him play to his heart's content.

They fit comfortably, look well and when soiled can easily be washed.

Made with swinging white drill pockets (not patch pockets) that so quickly wear through.

Cost no more than ordinary overalls, and best of all—

A new pair FREE if they rip

Save Time, Save Money, by Getting Machinery in Shape Before the Haying Season

Mr. Rancher, what would you think of a doctor who did not keep drugs on hand in his emergency case, to treat you when you needed help?

You would think of him as an inefficient member of his profession and would go elsewhere for such service.

Your farm machinery equipment is just as important to you as instruments and medicine for the doctor. You cannot do your work without them. And when you need them you need them badly.

We keep parts on hand, so far as possible for us to do so. But it takes time often to get special parts, especially in the middle of the season. Shipments are irregular, labor conditions, strikes and other factors make prompt deliveries impossible some times.

Look Your Machinery Over

Take a day NOW, look over your machinery, determine the new equipment you'll need, examine what you have and determine which needs new parts to do work well when the season is on. Don't delay. As "a stitch in time saves nine," an hour used today in getting your parts may save days or weeks when the hay season is on and the crop is deteriorating instead of being in the stacks.

Let us help you save that time, and that means money by getting your order for parts soon.

We handle the best lines of Farm Machinery. Our equipment comes from the shops of makers whose names guarantee satisfaction.
