## HOOSIER

---the  
Kitchen  
Cabinet  
that  
saves  
miles of  
steps.

“Kitchen work is now a pleasure”

EFFICIENT housekeeping methods are as important as capable business management.

Yet thousands of women continue to work under conditions that are little better than primitive white men are aided in their daily tasks by dozens of time and labor-saving appliances.

Busy men would not countenance the restrictions that kitchen labor imposes upon women. So why should women, who comprise America's biggest industry, permit drudgery to take its toll in precious time and energy?

Household efficiency should begin with the installation of the Hoosier Kitchen Cabinet. It will save miles of needless steps, hours of wasted time and precious energy. It will make kitchen work

a pleasure for you as it has for nearly a million and a half housewives.

This store is the home of the scientific Hoosier Kitchen Cabinet. Come and see the many models. Let us demonstrate their many patented conveniences and exclusive features. Let us show you how this cabinet will actually cut your kitchen work in half.

Because of enormous production, Hoosiers are moderately priced. The terms are equally pleasing—ONE DOLLAR PUTS ANY HOOSIER TO WORK IN YOUR KITCHEN. SMALL WEEKLY PAYMENTS TAKE CARE OF THE BALANCE.
