Prospective Bridegrooms, Attention!

MARRIAGE AND THE HOME

We believe in the institution called marriage. We believe no man has reached the fullness of life until he has a household of his own. We believe man should take unto himself a wife.

Human tradition and human law require that, having done so, he shall furnish her with food and shelter. So far as shelter is concerned, to rent a room, or a few rooms, or a house somewhere, fulfills the letter of that tradition and law. We doubt very much that it fulfills the spirit of them.

We believe that a woman may properly demand that the shelter that is furnished her by her husband shall be theirs in fact as well as in name. We believe that, if we were a woman we would demand it. We may be making trouble for some prospective bridegroom in this town, but nevertheless we suggest to the bride-to-be that his ability or desire to furnish her with a home is a pretty good test of his character and affection.

We do not mean that no man should marry until he has the means with which to build. But he should not marry until he has the means to begin building or to begin buying.

Having started to build or buy, it means years' perhaps, of self-denial. It means going without this and doing without that. But, too, it means more than that. It means a bond of common sacrifice that will unite man and wife closer than could the enjoyment of any luxury.

So, we say to woman, marry the man who is willing to give you a real home according to his means. And, we say to the man, marry a woman who DEMANDS it. It is that kind of marriage that is likely to result happily.

WE SPECIALIZE IN THE Needs of Bridegrooms "There's no place like Home."
