**Our New Stock  
And Our Prices**

**McENDREE & HANDLY, Proprietors**  
I. O. O. F. Bldg. (Old Postoffice.) Ontario, Ore.

## Ask Us

Whenever you contemplate making an investment, ask your banker about it. Not that the banker is infallible or smarter than you are—but because that is a part of his business.

If he is a successful banker, that is an indication that he knows good investments when he sees them. This bank keeps in touch with good investments and presumes to know by experience what to leave alone. While we, like all human kind are prone to mistakes we have been reasonably successful and we will take great pleasure in advising with any who care to call on us.

**First National Bank**  
ONTARIO, OREGON.

## "Blow-Out"

By C H Stauton Massey.

Did you ever decide to go out for a ride  
On a Sunday, and take the whole gang?  
And as you're riding along, there's something goes wrong,  
Then you hear a big crash and a bang!  
As you look to the right, Oh! what a sweet sight!  
You get out and most naturally swear,  
With the rear tire down, you're ten miles from town,  
And, of course, without any "spare."  
But the feeling's the same, I this life's great game,  
As we go drifting from day to day;  
We go gliding along and life seems a song,  
Till the time comes when we all must pay.  
Now, boys, take a tip, when you start on a trip,  
And you don't know where to, or how far;  
You never know when you'll go "flat," so, then,  
Why not keep some "spares" in the car?

Get ready for the Fourth. Try us for a good tire, pump, jack, spot light, or any supplies for your car. We do better repair work.

## KOVERALLS

Reg. U.S. Pat. Off.

Is our Registered and Common-law Trade Mark and can only be rightfully used on goods made by us.

Should any dealer try to sell you any garment for Children 1 to 8 years of age under the KOVERALLS name you may be sure he is trying to market an inferior substitute on Koveralls reputation.

Unless made by Levi Strauss & Co.

they're not KOVERALLS

**Koveralls Keep Kids Kleen**

\$1.50 the Suit A NEW SUIT FREE IF THEY RIP

KOVERALLS are made only by Levi Strauss & Co., San Francisco and bear this label

## Everyone Should Drink Hot Water in the Morning

Wash away all the stomach, liver, and bowel poisons before breakfast.

"To feel your best day in and day out", to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, colds, rheumatism or gassy, acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do, says a well-known physician.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify and freshen the entire alimentary tract, before putting more food into the stomach.

Get a quarter pound of Limestone phosphate from your pharmacist. It is inexpensive and almost tasteless, except a sourish twinge which is not unpleasant. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

To feel like your folks feel; like you felt before your blood, nerves and muscles became saturated with an accumulation of body poisons, begin this treatment and above all, keep it up! As soap and hot water act on the skin, cleansing, sweetening and purifying, so limestone phosphate and hot water before breakfast, act on the stomach, liver, kidneys and bowels.

## GASOLINE SHORTAGE

IS NOW IN VIEW

Today much thought is given to the gasoline problem. Automobile manufacturers, as well as oil producers and refiners realize that a shortage of gasoline will come unless new fields are discovered. In the meantime they recommend that the strictest economy be practiced in the use of gasoline and other petroleum products.

The automobile engineers, as well as the oil producers and refiners, realize the seriousness of the gasoline problem and they are constantly bending every effort to devise automobile engines and methods of carburization which will secure the production of automobiles on grades of gasoline that will permit the maximum production of this motor fuel

from each barrel of crude oil, and which, at the same time, will give the greatest power and mileage from each unit of gasoline consumed. All this attention to the problem is helping to a marked degree, yet consumption is increasing much faster than

production.

The gasoline of today is not as highly volatile as the gasoline of some years ago, yet it is more powerful and gives greater mileage. Its use is made possible by the improvements in automobile engines and

methods of carburization. To go back to the gasoline of ten years ago would be to accept a more highly volatile, but less powerful gasoline giving less mileage. It would also result in decreasing the production of gasoline.

## A good cooking fuel— easy to handle

Pearl Oil, the Standard Oil Company's kerosene, is a most convenient and economical fuel. Gives all the convenience of gas—without the dust and dirt of coal or wood.

With a good oil cookstove you will cook in comfort all year 'round. Bakes, broils, roasts, toasts—economically. Lights at the touch of a match. No waiting for fires to come up, no unnecessary work, no waste. Concentrates a steady heat on the cooking—leaving the kitchen cool and comfortable.

Pearl Oil is refined and re-refined by our special process which removes the impurities. It is clean burning.

Pearl Oil is for sale in bulk by dealers everywhere. It is the same high-quality kerosene as the Pearl Oil sold in five-gallon cans. There is a saving by buying in bulk. Order by name—Pearl Oil.

We recommend New Perfection and Puritan Oil Cookstoves
