Chamberlain's Colic and Diarrhoea Remedy.

Every family should keep this medicine at hand during the hot weather of the summer months. It is almost sure to be needed before the summer is over and when that time comes is worth many times its cost. It has no superior for the purpose for which it is intended. Buy it now.

Miss Esther Orcutt of Payette spent the week end with Miss Helen Wells of Ontario.

THE USE OF KEROSENE MEANS A COOL KITCHEN

Most women dread hot summer days when the kitchen becomes as stifling as a furnace. It is plain hard drudgery to hang over a coal stove as the thermometer mounts higher and higher.

Many women have found by putting in a kerosene stove that their kitchens are kept cool and comfortable even in the hottest days in summer.

But the use of a good kerosene, such as the Standard Oil Company's Pearl Oil, has many other advantages than that of keeping the kitchen cool. It is easy to handle—far easier than either coal or wood. Furthermore, it makes no dirt or dust which must be cleaned up continually. It lights at the touch of a match, so there is no waiting for the fire to come up.

Pearl Oil burns up clean and produces no odor. It is refined and re-refined by special process which removes the impurities. Wherever it is bought—in the city, in the country, in the mountains, or on the sea shore—it is always the same high quality kerosene. It can be bought everywhere in 5 gallon cans, or in bulk at a slight saving cost.

For a Bilious Attack. If you have bilious attacks give Chamberlain's Tablets a trial. They are excellent. Will's Browning, Patonsburg, Mo. has this to say of them: "About a year ago my wife used a bottle of Chamberlain's Tablets and they cured her of a bilious attack also of constipation from which she had been suffering for years."

"Sorry, But We're Full Up" That's the answer most of the lumber yards are receiving these days when trying to place their orders for materials. There never has been before in the history of the world such a demand for building material as that now flooding the manufacturers. Cargo after cargo for foreign shipment; an unprecedented home demand caused by building restrictions during the war. Unenviable is the position of the material man these days when trying to place his orders. OUR MILLS AT BOISE AND EMMETT will be a tremendous factor in relieving an otherwise desperate situation for the users of building material, but we must warn the consuming public that our facilities are strained to the utmost.
