Good to Eat

When Tuesday, September 9, arrives it will usher in one of the biggest events that has ever taken place in Ontario, namely: The Tenth Annual Malheur County Fair. Stockmen, farmers and fruit growers are just on tip-toe to see their exhibits judged and commented upon. This Fair has been termed "The Best Yet" inasmuch as this will be the banner year for fruit and grain crops and there is an atmosphere of prosperity prevailing not previously experienced.

Word has also been circulated broadcast about the purses this year for buckaroo sports. The prizes offered are particularly attractive, being \$300 split in three ways—\$150 \$100 and \$50. The contestants must enter the first day and ride each of the four days in order to be eligible for the finals. A great number of aspirants have already notified the Secretary of their intentions of entering for the big money. The Fair Board has secured the wildest horses in the country which means that the best cowboys have decided to risk their reputation in trying to ride these animals.

A cash prize of \$200 each, split in

three ways, in both the roping and bulldogging contests has been appropriated which will guarantee a hot contest for supremacy in these events. It might be said that at this Fair the best from the West will come in contact with the worst from the East; because the Fair patrons will surely see an exhibition of skill and "sticktiveness" never before witnessed.

Running horses that have competed in the fastest races on the continent are already in training for the big event. Horses that have made time within one-half second of the world's record on the half mile stretch and one-sixteenth of a second of the world's record on the mile stretch will be there.

Nothing but the best has been secured or contracted for. Even the aeroplane man has proven himself a go-getter and his official record for downing Hun planes speaks for the pluck and nerve of Pilot Warren Brace.

The Brown Amusement company of San Francisco, has been engaged to provide the carnival attractions. These people have the largest merry-

go-round in the entire States and a \$10,000 Ferris wheel in addition to numerous side-shows and concessions. The class of amusement is clean and healthy, but full of fun and frolic.

Ontario storekeepers will be out en masse to give the visitors the time of their lives. Store business will be of secondary importance, and the main business will be to entertain the "fair" guests.

The program for each day is crammed full of interesting features so arranged that there will be no delay between turns. Everything will work like clock-work, and in order to appreciate to the fullest degree, this Fair, patrons should remain the entire four days.

Eighth Grade Examinations will be held in Malheur County September 4 and 5. Pupils who are ready for the examinations should be reported at once to the County Superintendent of Schools.

"Ever Occur to You?"
says the Good Judge

That it's foolish to put up with an ordinary chew, when it doesn't cost any more to get real tobacco satisfaction. Every day more men discover that a little chew of real good tobacco lasts longer and gives them real contentment. There's nothing like it.
