

COMB SAGE TEA IN FADED OR GRAY HAIR

If mixed with Sulphur It Darkens
so Naturally Nobody
can Tell.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

HEAVY MEAT EATERS HAVE SLOW KIDNEYS

Eat Less Meat if You Feel Back-
achy or Have Bladder Trouble.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, say well known authorities. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy, take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salts is made from the acid from grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which every one should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

ONTARIO BABY IS MEMBER OF DES MOINES BLUE BIRD CLUB

Readers of the Des Moines Register, Sunday before last when they opened the feature section gazed on a pretty three column picture of little Miss Mary Ellen, the three year old daughter of Mayor and Mrs. R. W. Jones of this city. Beneath the smiling baby picture was a story which told of the election of the little Ontarian to membership in the Register's Blue Bird club, an organization of little tots who bring joy to their homes. The story said that Miss Mary Ellen was the most distant member of the club, and also related the fact that she was visiting with her grandmother, Mrs. C. W. Jones, of Des Moines. Mrs. Jones and her grand daughter are expected in Ontario soon.
