At The Movies

A Romance of Sweet 16 is Lila Lee's New Picture, "Puppy Love" A romance of sweet sixteen—such is "Puppy Love," Lila Lee's latest Paramount picture which will be exhibited at the Dreamland Theatre next Friday. She is the daughter of a hod carrier who has inherited wealth. She is pretty and full of the joy of life. Her sweetheart is romantic also. At the time when their "love" has become a tremendous passion, she is torn ruthlessly from his side and sent away to a town which is overrun with old maids. He goes to the village as a cub-reporter to write up the afflicted burgh for the Sunday section of his newspaper. There is another admirer—a fat youth who suffers fearfully from the separation. He, too, goes to the village, to become an anchorite. The town dude also learns to like the girl. There are misunderstandings. The girl tells the boy she hates him. She sends back his presents. He finds an old album containing pictures of half the village belles when they were in their teens. He uses these to illustrate the story of the town. Meanwhile, dying of love, the girl proposes to the fat boy that they elope; then she writes the other boy and tells him what his cruelty has driven her to. The old maids are indignant at the article and set out to chastise the author but light on the wrong man—the lad who is eloping with the girl. Finally the boy and girl make it up—but whether they ever get married, the author doesn't profess to know. Harold Goodwin is the leading man.

Hot Water for Sick Headaches

Tells why everyone should drink hot water with phosphate in it before breakfast.

Headache of any kind, is caused by auto-intoxication—which means self-poisoning. Liver and bowel poisons called toxins, sucked into the blood, through the lymph ducts, excite the heart which pumps the blood so fast that it congests in the smaller arteries and veins of the head producing violent, throbbing pain and distress, called headache. You become nervous, depondent, sick, feverish, and miserable, your meals sour and almost nauseate you. Then you resort to acetanilide, aspirin or the bromides which temporarily relieve but do not rid the blood of these irritable toxins. A glass of hot water with a teaspoonfull of limestone phosphate in it, drank before breakfast for awhile will not only wash these poisons from your system and cure you of headache but will cleanse, purify and freshen the entire alimentary canal. Ask your pharmacist for a quarter pound of limestone phosphate. It is inexpensive, harmless as sugar, and almost tasteless, except for a sourish twinge which is not unpleasant.

If you aren't feeling your best, it tongue is coated or you wake up with bad taste, foul breath or have colds, indigestion, biliousness, constipation or sour, acid stomach, begin the phosphate hot water cure to rid your system of toxins and poisons. Results are quick and it is claimed that those who continue to flush out the stomach, liver and bowels every morning never have any headache or know a miserable moment.

DRY FIELDS ARE BEST FOR LIMING Wet lands that need lime most are hardest to lime after the rainy season starts, points out Dr. A. B. Cordley, secretary of the state lime board and director of the college station. Since the lime to be beneficial must be applied before the rainy season ends it had best be put on before the rainy season starts. In order to be sure of getting what they want from the state plant farmers are advised to send in the orders now. The capacity of the state plant is only about 100 tons per day, and if several hundred farmers rush their orders in at the same time just when they want to use the lime, some of them are going to have to wait. Those who want less than car lot can club orders with their neighbors. Dean Cordley recommends a trial of liming for clover or other legumes on acid soils in humid districts. Send orders to A. B. Cordley, Corvallis, Oregon.

Looking for Treasure There is nothing quite so fascinating as a search for buried treasure, whether in a story book, on the screen or in real life and "Captain Kidd, Jr.," Mary Pickford's newest screen vehicle which is being shown at the Dreamland Theatre Sunday
