

Portable heat
convenient-economical

A good oil heater filled with Pearl Oil is a real comfort. Gives instant heat—when and where wanted. No smoke, no odor. Lights at the touch of a match. Steady, comfortable warmth for many hours on one filling of Pearl Oil, the ever-obtainable fuel. Economical.

Pearl Oil is refined and re-refined by our special process which makes it clean burning. For sale in bulk by dealers everywhere—the same high-quality kerosene as the Pearl Oil sold in five-gallon cans. There is a saving by buying in bulk. Order by name—Pearl Oil.

MODEL FARM ESTABLISHED

The first demonstration farm selected by the Oregon land settlement commission has been established under the supervision of H. D. Scudder, head of farm management at the agricultural college and superintendent of the commission. It consists of 60 acres lying three miles south of Independence on the S. P. railway. Its chief sources of income will be sheep, poultry, swine, berries, clover seed and potatoes. The house, barns, hog and poultry houses, well house and water tank are models of convenience and economy, making an attractive and sanitary farmstead. The farm will be stocked this fall, and later sold as a home to a farmer who will operate it according to plan. Other model farms will be established by the commission in other typical farming districts.

HAVE ROSY CHEEKS AND FEEL FRESH AS A DAISY—TRY THIS!

Says glass of hot water with phosphate before breakfast washes out poisons.

To see the tinge of healthy bloom in your face, to see your skin get clearer and clearer, to wake up with out a headache, backache, coated tongue or a nasty breath, in fact to feel your best, day in and day out, just try inside-bathing every morning for one week.

Before breakfast each day, drink a glass of real hot water with a teaspoonful of limestone phosphate in it as a harmless means of washing from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and toxins; thus cleansing sweetening and purifying the entire elementary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases and acidity and gives one a splendid appetite for breakfast.

A quarter pound of limestone phosphate will cost very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the blood and internal organs. Those who are subject to constipation, bilious attacks, acid stomach, rheumatic tinges, also those whose skin is sallow and complexion pallid, are assured that one week of insidebathing will have them both looking and feeling better in every way.

PUBLIC SALE

Having dissolved Partnership, we will sell on

TUESDAY, OCT. 28, 1919, at

our ranch 1 mile south and 2 miles east of Fruitland, and 1 1/2 miles north and 1 1/2 miles west of New Plymouth, Idaho, at one o'clock p. m. sharp, the following described Holstein Dairy Cattle:

Willard Standard of Service

FIRST

Meeting every customer more than half way, being really glad to see him, and glad to help him.

SECOND

Being properly equipped to help—thoroughly trained and experienced in all brands of battery care, construction, and repair.

THIRD

Maintaining a real station in a good location, with space in which to do business properly.

FOURTH

Showing the car owner how to care for his battery and how to avoid things that will injure it and shorten its life.

FIFTH

Being businesslike, to base fair and just charges on knowledge of actual costs, to give good returns for every penny, and to carry an adequate stock of new batteries, rental batteries, and repair parts.

Of course we're human, and we're not all of us 100 percent all of the time, but we are honestly and sincerely striving to live up to our standard. We believe Willard Service is the most reliable battery service in America and we're making it better every day.

We welcome your suggestions.

Let us tell you more about the popular Willard Storage Battery; a size for every car.

ROBERTS-MORTON

At the home of the bride's mother, Mrs. L. M. Morton, Wednesday afternoon at 4:30, Rev. W. J. Luscombe performed the service which made Dr. Avery R. Roberts and Miss Bessie Marie Morton, man and wife. The ceremony was witnessed by the members of the bride's family and Rev. and Mrs. Luscombe and sons, Wynne and Herbert.

The bride was attended by her cousin, Miss Susie Fresh of Baker, while Estes Morton of Westfall was the groom's man. The home was prettily decorated in pink and white and the bride was the recipient of many handsome presents of silver and cut glass from admiring friends and relatives.

Following the wedding a dinner was served in time for the bride and groom to take No. 6 for a short wedding trip. Among the out-of-town relatives present were Mrs. Murray Morton of Weiser and Mrs. Archie Morton.

The bride who is wellknown in this section is an Ontario girl and a graduate of the Ontario High School with the class of 1917. Since then she has taught school in the interior and during the past year at Weiser Flat. The groom too is a native Oregonian whose family home is Cove. After graduating from the Pacific Dental college he practiced dentistry in Alaska two years and came to Ontario last year. This spring he purchased the practice of Dr. Frye and established himself here. After their honeymoon trip they will be at home in the Riddle residence on South Oregon street which Dr. Roberts recently purchased.

Mr. and Mrs. C. J. Rees of Woodbine, Iowa, who have been the guests of Mr. and Mrs. Will Rees for some time, leave tonight for Portland and from there they will visit California cities and later will go to the Hawaiian Islands. They do not expect to return to their Iowa home until March, visiting points in Arizona on the return trip.

OREGON FOOD COOLERS FAMOUS
Oregon iceless refrigerators, the kind used in many Josephine county homes, have the call. Their fame has reached one woman in Florida and another in Virginia, who have written Miss Ruth Corbett, home demonstration agent, for directions for making them.
