

**HIGH SCHOOL NOTES**

The business men of Ontario are to present the members of the football team with sweaters in the near future.

Most of the high school students who live out of town spent their Thanksgiving vacation at home. Of the teachers Miss Cranley, Miss Stanka and Miss Tierney spent the week end in Boise and Miss Abbott enjoyed her vacation at her home near Nampa.

The football boys are feeling wealthy these days, for they have just closed up the season with \$62.00 in their treasury.

Basket ball season has opened at the O. H. S. Class teams are being organized and all inter-class games are to be played off before Christmas.

**THE HIGH SCHOOL BAND.**

The High School drill field has assumed a martial atmosphere. Last week the High School Cadet band appeared during the drill period and played for the companies to march by. Later the company and band passed in review. The progress the band has made since the opening of school has been great. When school opened there were only 14 boys who had ever played a musical instrument to build a band around. Now the band is composed of 37 students, and each is able to play his part of the music. After Christmas the band hopes to play a concert before the public and if the progress so far may be taken as an indication the boys should appear to great advantage to themselves and to the school. The organization of the band is as follows: Captain and director of band, M. D. Thomas; drum major, Ithel Laing; principal musician, Frank Dorman; sergeant, Eldon Madden, Jack Peterson, Howard Twiford; corporals, Charles Homan, Martin Moore, Francis Zimmerman; librarian, James Purcell.

The instrumentation of the band is: Cornets, Robert Smith, James Clark, James McCreight, Howard Twiford, Ronald McCreight, Eldon Fortier, Ralph Emison, Carol Locey, Cecil Mullin, Russell Beers; clarinets, Frank Dorman, Ralph Drane, Richard Adam, Earl Secoy, Owen Turner, Henry Pinney, Aubrey Dean, Vernon Butler, Ralph McCulloch; alto, Eldon Madden, Jack Peterson, Newton Zahler, Will Lees, Francis Zimmerman; trombones, James Purcell, Donovan Poorman, Wynne Luscombe, Harry Cleveland; bases, Charles Homan, Frank Johnson; baritone, Kenneth Cassidy, Wallace Strane; drums, Hugh Biggs, snare, Martin Moore, bass.

The band is uniformed in olive drab service uniform similar to that worn by the cadets. A music lyre collar ornament distinguishes the

band boys from the boys in the company.

**THE HIGH SCHOOL ORCHESTRA**

One of the real organizations of the high school is the orchestra. At first no one considered it, as it seemed to start out of nothing in particular but just something in general. The first rehearsal brought out only a few, the next rehearsal a few more and now the orchestra is an organization of 23 musicians. It is the first organization of its kind the school has ever had and the interest it has created promises to make it one of the regular High School activities. Because of the fact that every member of the orchestra is an experienced player the progress has been great. A good quality of music is played. Several public appearances have been made and each time it has won hearty applause. After Christmas, probably in February the orchestra, together with the Glee Clubs, is going to give a formal concert. This should be well received for each of the organizations is working on the programme now. M. D. Thomas of the High School faculty is in charge of the orchestra.

Miss Cranley's room in the High School building is transformed into the Beach at Waikiki each Tuesday night, as the Girls' Ukelele club twangs away in preparation to an early public appearance. This organization is a novelty and should capture the honors of the season. The club is composed of 20 young ladies of ukelele turn of mind and who of us wouldn't give a prize to be in Hawaii?

**TEACHERS' EXAMINATION.**

State teachers examinations will be held at the Court House in Vale on December 17, 18, 19 and 20, 1919. All teachers who have not secured Oregon State certificates are required to report for the examinations.

Following is the program for Malheur county: Wednesday, Arithmetic, Civil Government and Geography; Thursday, Grammar, History, Orthography, Physiology and American Literature; Friday, Reading, School Law, Theory and Practice, Writing, Algebra and Composition; Saturday, Psychology and Physical Geography.

Teachers who wish to write for Life, Primary or Special Certificates will kindly make arrangements with the County Superintendent.

**Priceless Memories of the Great War**

TEN years from now the kiddies of today will be reading about the Great War and reviving the songs that stirred our patriotism in the dark days of 1918.

Do you realize that those songs can never again be sung as they were sung during the Great War? Could anyone sing "We are coming Father Abraham" as the Yanks sang it in the sixties—or "Dixie" as those Johnnie Rebs sang it then? Could anyone sing "There'll Be a Hot Time in the Old Town Tonight" the way we middle aged folks used to sing it in Spanish-American War days? Of course not. The same with the songs of the great war.

We have a limited stock of Edison RE-CREATIONS of war songs sung by popular Edison artists during the war. They will be priceless within a few years.

Come in and listen to them and add a few to your collection for your children and your children's children.

The December list of Edison Re-creations will be received the first of the week.

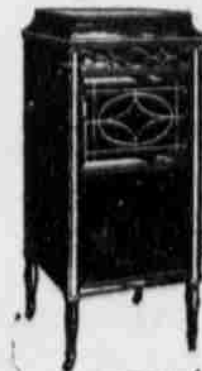

Three Yuletide Re-creations are listed: "O Holy Night and Silent Night," Christmas Bells Are Ringing," and "Song of Ages."
