

PARTIES ENJOYED ON THE OREGON SLOPE

About 35 friends of Mr. and Mrs. Johnson gave them a pleasant surprise at their home Friday evening. Mrs. Brethaupt planned the entertainment which was enjoyed by all, and Mrs. Bartshe and Mrs. Vincent must be especially commended for the arrangement of the delicious refreshments which were served. Mr. and Mrs. Johnson moved to their new home in Payette the first of the week.

The community is in sadness over the death of little Leon Holloway, which was very sudden and came as a shock to everyone. The little lad was about six years of age and in the first grade at school. The exact details are not known, but he was at school the first of the week and died on Friday morning of some bronchial trouble. He was such an energetic and lovable little fellow and will be missed by his teacher and playmates. The funeral was held Saturday, Nov. 29, at Payette. The flowers were very beautiful. Mr. and Mrs. Holloway have the sympathy of the entire community.

Miss Gene Bartshe entertained about 14 young people at her home Saturday evening in honor of Mrs. C. A. Korst, it being the event of Mrs. Korst's birthday. Four tables of ruck were played and dainty refreshments were served, and if one judged by the time of adjournment, an unusually fine time must have been had. Those present were: Mrs. Korst, the Misses Smith, Wallis, Glab, West, Stedman and Bartshe; Messrs. Campbells, Grach, Staples, Karst and Haverfield.

Work on the Crystal pumping plant has been suspended until more favorable weather conditions.

The Parent-Teachers association is progressing nicely. It will help the school as well as the community. Every patron in the district is urged to give it his support. Many improvements are needed in and about the school which can only be accomplished by the united efforts of the parents and teachers, and which will tend to raise the standard of our school. During the present severe weather the need of suitable conveyances, something hot for the children at noon, and many other little comforts should be provided. The teachers have expressed their willingness to help in these things, but they must have the support of the parents. The P. T. A. provides for healthier, happier and more attract-

all things promoting the welfare of the children, as well as being decidedly interesting for grownups. The meetings are the first Friday evening of each month. Men are included as well as ladies. Don't forget the date.

A pleasant afternoon was spent Wednesday at the home of Mrs. C. G. Heslop, by the ladies of the Improvement club, honoring Mrs. Geo. Lattig and Mrs. Tom Heslop. Music and refreshments formed a part of the entertainment. The usual good time was reported.

Charles R. Staples spent Saturday and Sunday in Ontario, returning Monday.

Mrs. L. R. Brethaupt has in charge the sale of the Red Cross tuberculosis seals, the quota for this district being \$25. Anyone wishing to purchase can send to Mrs. Brethaupt, R. D. 3, before Dec. 20.

Mrs. Raby, Mrs. Colbert and Miss Myers entertained the Park Improvement club Thursday afternoon, Dec. 4. Twenty members were present.

After the business meeting the program was as follows: Roll call, with discussion of current events. Curing of meats, Mrs. Raby; cooking of meats, Mrs. C. G. Heslop, but on account of being called away Mrs. Heslop will give this topic at the next meeting. The receipts will be given to the secretary and will be compiled into a cook book at the end of the year when the full course of Domestic Art will be completed. The Hostess half hour passed all too quickly with music by Miss Myers. The work for the year will be the home, preparation of foods, serving, interior decoration, and, in fact, all things pertaining to the making of a home. Current events, both local and national will be discussed at each meeting.

On account of the extreme cold weather the attendance at Sunday school has been small compared with the regular turnout. Milder weather is bound to come soon and things can become normal again. It commences at the usual time—2 o'clock.

Mrs. Anderson of Payette spent the week end with Mr. and Mrs. Walter Davis.

Society

TAYLOR-ROONEY.

At the home of the bride's mother in Payette Sunday evening occurred the marriage of Miss Jennie Rooney and S. F. Taylor, Jr., of this city. Mr. and Mrs. Taylor returned to Ontario immediately following the wedding and have taken apartments at the Test residence until their new home in Riverside is completed.

Both the bride and groom are well known in Ontario. The groom is the eldest son of Mr. and Mrs. S. F. Taylor of this city and for some time past has been a member of the force at the Ontario laundry. The bride came to Ontario three years ago from Payette and after a short time here purchased the Barrel studio, which she operated until two weeks ago when she sold it.

MADDER-POUNDS.

At Vale last Friday Miss Grace Pounds and Robert Madden of this city were married. The young couple returned to Ontario in the afternoon and are at home at the residence of the groom's mother.

Both Mr. and Mrs. Madden are well known in the younger set in Ontario, particularly the groom, who is a native son of Ontario. After graduating at the local High School Mr. Madden worked in local stores and when war was declared was one of the first group of boys to answer the call. He went into the aviation service and became an instructor in aerial gunnery at Dayton, Ohio, where he remained until discharged from the service. Mr. and Mrs. Madden expect to build a new home for themselves in the spring.

What Shall We Get For Mother?

May we break into the family discussion and make a suggestion?

Why not get mother some nice new linen—a fine table cloth, a dozen dinner napkins, or perhaps some new sheets and pillow cases, hand towels, bath towels, etc.

You never knew a woman who had too much linen or who doesn't grow pleased or excited over a gift of this kind. Then, too, linen is a practical gift with all the pleasing features of the more sentimental one.

A plentiful supply of linen also allows for more frequent changes. And changes and a little rest once in a while prolongs the life of linen the same as it does clothes, shoes, suits and other garments.

Get the finest quality, of course, for it is far cheaper in the long run. No one knows this better than we who launder all kinds of good, bad and indifferent fabrics.

Just one other suggestion. See that mother doesn't bother with the washing of this new linen—either to do it herself or to have it done.

We do family flat work, and for that matter, entire family washings, beautifully, and at a rate which, all things considered, is lower in cost.

We trust our suggestion for mother is not out of place, and that you will all have the best kind of a "Merry Christmas."
