The Gift to One that All Enjoy

The gift supreme is one that the proud possessor can let others enjoy. Such is the Brunswick phonograph. And for that reason it is probably the most practical, of all—especially at Christmas.

Or it may serve as a gift to the entire family. No one need debate its appropriateness. It pleases all. As for the quality of its music, none can equal its Method of Reproduction. By its tones are reproduced with greater fidelity—truer, richer, sweeter.

THE METHOD OF REPRODUCTION

The Brunswick Method of Reproduction is exclusive, scientific, simple. It does not require an expert to appreciate the color, charm and exquisiteness it gives to tone. It opens up a heretofore limited world of record music.

On The Brunswick any make record can be played at its best. These marvelous accomplishments are made possible by two patented features that constitute the Method of Reproduction. They are the ULTONA and the TONE AMPLIFIER.

THE ULTONA

The ULTONA—plays all records truer, finer, sweeter. It is not a makeshift contrivance but involves a genuine principle of sound. A slight turn of the hand presents the right needle, diaphragm and weight for playing any record.

The TONE AMPLIFIER

The TONE AMPLIFIER—is an oval shaped vibrant tone chamber. Like the sounding board of a fine piano or violin, it is made entirely of wood and free from metal. Thus it gives the requisite tonal volume and eliminates all harsh, thin, metallic sounds. It meets all advanced acoustical and musical laws.

You can buy the Brunswick on easy terms. Pay \$15 or \$20 and balance by the week or month in small payments. Don't fail to hear it before you buy.

Announcement

IT is our pleasure to announce Brunswick Records, another super-product by the "House of Brunswick"—artistic comparisons of Brunswick Phonographs.

They are under the direction of great interpreters—men who have the power and faculty of developing musical selections as the composers would have them played.

Just as there are directors for the opera, the stage, the orchestra, we now have directors for records.

This means that each Brunswick Record is not only the work of some accomplished artist, but is accompanied by the shadings of a renowned director.

This is why Brunswick Records rise above the qualities most records have in common.
