## LEGION WILL HONOR WASHINGTON'S MEMORY

Legion Men to Hold Speed Program and Will Distribute Certificates to Relatives of Men Who Died in Service.

With special exercises on Washington's Birthday, posts of the American Legion throughout the country will assist in conveying to the next of kin of the American soldiers, sailors and marines who died in the war, an expression of appreciation on the part of the French government in the form of engraved certificates.

Ontario Post is to keep in line with this movement and hold a meeting at which certificates will be presented to relatives of Ontario men who made the supreme sacrifice.

Franklin D'Olier, national commander of the American Legion, has made arrangements with the adjutant general of the army for the distribution of approximately 118,409 certificates through posts of the Legion in all cities and towns where posts have been organized. To those living in outlying sections the certificates will be mailed.

The certificates for relatives of deceased soldiers who reside in foreign countries will be presented through the military attaches of the allied countries, while those for Porto Rico, Alaska, Manila and Hawaii will be distributed under the direction of the several department commanders of the American Legion.

The certificate shows a group figure from the catafalque in the Avenue des Champs Elysee, Paris. In the scroll above are the dates "1914-1919." Above the group is a quotation from Victor Hugo which freely translated reads, "The people should come to pray at the graves of those who died for their country."

The inscription reads "To the memory of \_\_\_\_\_ of the United States of America, who died for liberty during the great war, the homage of France," and the engraved signature of the President of the French Republic, Raymond Poincare.

The honor roll is made up of 107,952 soldiers, 4896 sailors and 3657 marines. The Marine Corps received its full allotment of testimonials too late to address and sent them to district recruiting offices for delivery to local posts for presentation, and all Marine Corps testimonials will accordingly be mailed direct to the next of kin.

In a letter of instruction to the various posts, Franklin D'Olier, National Commander of the American Legion, said:

"Referring to the proposed presentation of Honorary Certificates by the French leg commission at the direction of the French government to the next of kin of the men of this country who made the supreme sacrifice in this World War, your hearty cooperation is sought in order that every preparation may be made through your efforts not only to a cause that commands our deepest respect but also to a ceremony that will establish once and for all what this great brotherhood is doing in the interest of those less fortunate than ourselves."

A program furnished by the Community Service Incorporated has been distributed to American Legion posts throughout the country suggesting the form of exercise, to include addresses and musical numbers including both French and American compositions. Special sections will be reserved for the relatives of the

dead, to whom the certificates will be distributed following the ceremony.

## CAN'T KEEP HOUSE WITHOUT THE ARGUS

Subscriber Formerly a Resident of Ontario Wants to Have Paper Continue—It Will, Too.

In the mail today the Argus received the following letter from Mrs. E. W. McCormick, daughter of Mr. and Mrs. I. B. Rawls of this city, who now lives in Dayton, Washington. Mrs. McCormick says: Please send us a bill and we will send a check and continue the Argus, for I can't keep house without it, and if you have some back numbers send them for I would like to read about the flu situation in Ontario.

E. P. Smiley, who has been ill for three weeks, is able to be out and around again, the not yet able to return to work.

Mr. and Mrs. E. A. Fraser, who have been ill, are better. Mr. Fraser was able to return to his business on Monday for part of the day, but Mrs. Fraser is still compelled to remain at home.
