

FRUITLAND BENCH NEWS

FRUITLAND, Feb. 25.—A farewell surprise and reception were tendered Rev. and Mrs. McCoard at the Tackett home on Monday evening of this week. Over one hundred guests were present and the evening was pleasantly spent with games and visiting. Delicious ice cream and cake were served before the party disbanded. Rev and Mrs. McCoard are to leave on Wednesday for their ranch where they are to spend the summer.

Little Helen Tussing, who went to Portland with her parents, who consulted a specialist, was operated upon by Dr. Otis Alken, orthopedic surgeon. He lengthened the muscle of the right leg and put the limb in a cast. She will be able to walk soon.

Mr. and Mrs. I. Z. Limbaugh and daughter, Ouida, and son, Lawrence, of eastern Oregon, arrived and moved on to the Holly place which they purchased from Mr Howard last spring. S. A. Bales, who has been living on the place, went Tuesday to the Boise valley to look for a location.

Mr. and Mrs. Roy Sparks will move soon to a place northwest of New Plymouth which they have rented.

Henry Reins last week sold ten cars of apples to Mr. Butcher.

Andy Castle who has been ill with pneumonia, was taken this week to Ontario to be operated upon for appendicitis.

E. B. Gladish is packing and shipping two cars loads of apples this week.

Miss Fern Duggess and Hobart Smith of Caldwell were up Sunday at the M. A. Smith home.

Mr. and Mrs. William McConnell were in Caldwell Monday, called by

the serious illness of an aunt.

Rev. L. H. Eby left Monday evening for Nampa to attend the Inter-church Pastors' Conference.

Albert Francis of Prairie City, Oregon, was the guest Monday of his mother, Mrs. Margaret Heep.

Shirley Kingsbury and daughter, Alta, of Weiser, visited Monday of this week at the Tom Brown home.

Mr. and Mrs. George Hooker and two children left Tuesday of this week for Pasadena, California, via Portland.

Mr. and Mrs. Walter Davis entertained L. R. Breithaupt and wife at dinner Monday evening.

Miss Mable Smith, the advanced grade teacher, who has been very ill with influenza, is convalescing at her home in Weiser. Miss Cecil Dixon of Payette is supplying.

The Park Improvement Club met at the Burrell home Thursday after-

noon. Mesdames S. J. Simpson and Roy Burrell hostesses. Owing to the postponement of the last meeting due to the flu, the afternoon was almost entirely taken up with the business of the club. Refreshments were served at the close of the meeting.

L. R. Breithaupt and wife were dinner guests at the Porter Boals home Saturday evening, after dinner about fifty of their friends came in and surprised them. The evening was spent very pleasantly with games and contests. Mr. and Mrs. Breithaupt are leaving this week to make their home in Ontario, where he is stationed in the Farm Bureau work. They are very energetic in community work and their going is sincerely regretted.

Every one is glad to note that the flu epidemic is a thing of the past and every thing is normal again. Sunday school opened after missing three Sundays. The attendance was increased last Sunday. Everyone is invited to attend. A very fine easter program is planned, and steps are being taken to make the school especially interesting the coming season. Preaching every Sunday when roads are permissible for ministers to get out.

A. J. GLOVER RESIDENCE for sale. Eight large rooms, built in furniture, fire place, full basement, hot water furnace, large porches, garage, strictly modern thruout. Eight lots. A bargain. 248-1317

WHY Not double up on a gift to each other that not only will enrich your furniture treasures, but that will also give you the world's best music for the rest of your natural life.

There is a corner in your house that needs a stately Chipendale cabinet or a graceful Sherraton, or any one of the fourteen other period designs which the Edison Laboratories have adapted to

THE NEW EDISON

The Phonograph with a Soul

There is also a need in your home for music—the NEW EDISON gives you the world's best music exactly as it is rendered on the stage. THE NEW EDISON is positively the only phonograph that can sustain the test of direct comparison with living artists.

Come to our store. Close your eyes and listen, and you will feel that the artists are in the room with you. Open your eyes, and you will see a beautiful cabinet copied or adapted from some famous piece of old world furniture.

Don't let terms stand in the way. We don't make terms; we let you make them.

Carrying a Ton a Mile for less than a Cent

Freight rates have played a very small part in the rising cost of living.

Other causes—the waste of war, under-production, credit inflation—have added *dollars* to the cost of the necessities of life, while freight charges have added only *cents*.

The average charge for hauling a ton of freight a mile is less than a cent.

A suit of clothing that sold for \$30 before the war was carried 2,265 miles by rail from Chicago to Los Angeles for 16½ cents.

Now the freight charge is 22 cents and the suit sells for \$50.

The cost of the suit has increased 20 dollars.

The freight on it has increased only 5½ cents.

Other transportation charges enter into the cost of the finished article—carrying the wool to the mills and the cloth to the tailors—but these other charges amount to but a few cents more.

The \$10 pair of shoes that used to sell for \$5 goes from the New England factory to the Florida dealer for a freight charge of 5¾ cents—only one cent more than the pre-war rate.

Beef pays only two-thirds of a cent a pound freight from Chicago to New York.

American freight rates are the lowest in the world.

This advertisement is published by the Association of Railway Executives

Those desiring information concerning the railroad situation may obtain literature by writing to The Association of Railway Executives, 61 Broadway, New York.

Portage Tires

MAKE your tire-money buy these Portage extra values:

1—The lumber used in making American quality wood pipe is of best grade Washington yellow fir and is free from flaws. It is thoroughly seasoned by kiln drying, which makes it strong and durable.

2—American quality wood pipe is banded with galvanized steel wire. While a tension is maintained to impress it into the wood it cannot break the fibre of the staves.

3—Our wood pipe is treated with a preparation of tar and asphaltum to insure it against decay and leakage.

4—Each length of pipe has an inserted joint. This makes the installation of our pipe easy and inexpensive.

5—All material and workmanship entering into the manufacturing of American quality wood pipe is guaranteed to be free from defects and the pipe is guaranteed to withstand the high pressure for which it is built.

When this superior wood pipe is used for irrigation purposes there is little waste of water through evaporation and seepage—as is always the case with open ditches. It minimizes the carrying of noxious weed seeds and is guaranteed against all defects and flaws.

Ask at any local Boise Payette yard about American quality wood pipe and let us show you how it can serve you in meeting your irrigation problems.
