# Building Time's Here

## THE COMING OF SPRING

again fills all nature with renewed energy and with it come plans of proposed construction. Your building program, too, will soon be under way—erecting the various buildings essential to success on the farm and to comfort and convenience in town.

Before actually starting construction it is necessary to select materials. You will want only the highest grade sort, capable of withstanding every test of weather and the elements and effecting a saving to you in the long run.

It is in this regard that our local yard service can be of greatest help to you and we shall be glad to advise you in any way concerning your construction wants. Come in and consult us today.

#### HIGHER EDUCATION COSTS ARE LOWEST IN OREGON

Agricultural education in six of the best agricultural colleges of the United States, not counting O. A. C. which is second in point of attendance, is \$396 a year per student. Should the people of Oregon approve the millage tax bill for levying \$1.26 on each \$1000 assessed valuation for the college, university and normal school, O. A. C.'s share would fall \$70 short of providing \$396 a year for its students.

Enactment of the measure will provide \$326 per student annually as against the \$396 average.

The college is now training precisely twice the number provided for in 1915, and has one-fifteenth more money to do it with.

#### METHODIST CHURCH

Sunday services:  
10 A. M.—Sunday school.  
11 A. M.—Preaching, "Caring for the Flock."  
6:45 P. M.—Epworth League.  
7:30 P. M.—Preaching, "Whosoever."

Last Sunday morning at the close of the service, an informal reception was held for Mr. T. D. Barton in honor of his having reached his 89th birthday.

#### E. P. CHURCH

10:00—Bible school.

#### NOTICE TO EXTERMINATE POCKET GOPHERS

Every firm, co-partnership, company or corporation residing on, owning, leasing, occupying, possessing or having charge of or dominion over any land, ditches, canals or other property, infested with pocket gophers in Malheur County, Oregon, is hereby notified to begin at once to effectively exterminate and destroy all such pocket gophers.

The following poison for mixing and instructions for use thereof is the method most expedient and effective to be used for the extermination and destruction of such pocket gophers, and is hereby recommended to wit, alkaloid strychnine used on either sweet potatoes or carrots, mixed according to the following formula and manner, to-wit:

#### Formula for Poisoning Pocket Gophers.

Recommended by U. S. Biological Survey and Extension Service of the Oregon Agricultural College.  
Grind together in a mortar:  
1-3 Ounce powdered strychnine alkaloid.

1-10 Ounce saccharine.  
Cut four quarts of sweet potatoes or carrot halves, one-half inch square and one inch long, and sprinkle the above powder over them, stirring until each bait is coated thoroughly.

Introduce these into the gopher runways by probing with a sharpened stick between the mounds. When the runway is located, drop one or two baits through the hole and cover carefully so as to exclude light.

Repeat operations after four days on any place showing fresh work.

It is necessary to get this poison into the runways or it will do no good to try to poison these rodents.

The County Court of Malheur County has secured a large amount of strychnine and saccharine, and a quantity thereof has been mixed and is now on sale to farmers and other persons interested at actual cost and may be had by applying to the Farm Bureau committee on Pest and Disease Control in your community, the name of whom, if unknown to you may be secured by writing to the undersigned at his office at Vale, Oregon.

If any person herein designated shall, within 30 days from the first publication of this notice, fail to begin in good faith to exterminate, eradicate and destroy, according to the method aforesaid, or by any other effective means said pocket gophers herein designated, the County Court of Malheur County, Oregon, will appoint a person or persons to proceed with the extermination and eradication of such pocket gophers, and the cost thereof incurred will be assessed to such land, ditches, canals or other property, and unless paid will become a lien against the same, for the extermination of said pocket gophers.

This notice is published pursuant to the statute in such case made and provided and for two consecutive weeks or three issues, and all persons described therein are required to take notice thereof.

Dated and first published this 11th day of March, 1920.

L. R. BREITHAUPT,  
County Agent for Malheur County, Oregon.
