BOYS' AND GIRLS' CLUB WORKER VISITS OREGON SLOPE

Residents Decide to Give Movement Their Hearty Cooperation—Vacancies on School Board Filled.

OREGON SLOPE, Or., March 16.—James Tomlin, who is taking a commercial course and public oratory at the Gooding College, visited over Sunday with the home folks.

The stork paid a visit to the Howard home Thursday, leaving a fine baby girl.

Mrs. C. G. Heatup is nursing a severely sprained ankle as a result of accidentally stepping into an excavation for a septic tank, last Thursday.

S. W. Applegate, who is known as

one of the oldest settlers on the Slope, is very sick at present.

A special meeting of the Improvement club was held Wednesday afternoon at the home of Mrs. T. Heatup, who is chairman of the dramatic committee. It was decided to give a home talent play in the near future.

Rev. H. K. Wallis and wife of the Methodist church of Pavette attended church services Sunday. Mr. Wallis' address on Character Building was thoroughly appreciated.

Mr. Fell and wife and Mrs. Campbell spent the week end at Webster and returned Sunday.

After an absence of seven weeks, Miss Mabel Smith was able to take up her regular duties this week as teacher in the upper grades.

The Messrs. Northrup, Breithaupt

and Bous attended a business meeting of the Riverdale Farm Bureau, Friday evening.

Mrs. Korst spent Friday afternoon visiting the Park school.

Harold Gribbin, who is attending school at the L. I. Institute, spent the week end at his home.

A school meeting was held at the Jefferson school house Saturday. Mr. Wm. Perry resigned as clerk. Mrs. Leach was elected to take his place. H. D. Waugh and Horace Joseph were elected to other vacancies on the school board.

Mr. Maris, who is a worker from Supt. Churchill's office in the Junior Farm Bureau department of Boys and Girls club work, gave an illustrated lecture covering this subject at the Park school house Friday evening. He explained the possibilities of the boys and girls club work as a factor in the community to improve it and increase the child's interest and activity in school and farm work by creating a love for the work based on results. In the slides were shown some of the children who have attained the highest honors and who were rewarded by trips to the State Fair and to the Agricultural college. This is one of

the greatest work of the rural community, and work on the farm has a pleasanter outlook when boys and girls can see results smiling at them from a distance. After the lecture the people very properly decided to give this move for our boys and girls their heartiest support and cooperation.

A delightful dinner party was given at the home of Mrs. Paul Joseph last Thursday evening in honor of Miss Charlotte West, the occasion being the birthday of Miss West. Covers were laid for six. The table decorations were a color scheme in green and white, which was effective and beautiful. Those present were, the Misses West and Glatt, Messrs. Chas. Joseph and Clayton Douglas, Mr. and Mrs. Paul Joseph.

COMBINATION SPRAY POSSIBLE

A way for growers to combine lead arsenate with lime-sulfur spray has been developed by R. H. Robinson of the O. A. C. experiment station. Some way has long been sought by Oregon growers because the cost of putting on one combined spray is only half as much as putting on separate sprays for insects and

fungus diseases. Severe chemical reaction has always spoiled their spray by weakening the killing strength and by releasing soluble arsenic that burned the plants. Mr. Robinson has found that the addition of about five pounds of slaked lime to each 100 gallons of lime-sulfur spray before the lead arsenate is added will prevent most of these changes. It is important that the slaked lime be added before the lead arsenate, and thoroughly mixed.

HOME PAPER AD SELLS IT

"Ever try selling that pig or cow or old plow or thousand baby chicks by an ad in the local paper?" asks George W. Kable, Benton county agent, of his Farm Bureau News Readers. "It's a cheap and easy way to get your wants before the public. It's a good thing to watch the ad columns of the home paper, too, for some good bargains are often found there. Every farmer should subscribe for the county paper. Many

news items, notices and local events you ought to know you will never know unless you read the home paper. We say this because we believe it and because the papers have always been 'Johnny-on-the-spot' in aiding the Farm Bureau."

Ontario Pharmacy Says

After you eat—always take **EATONIC** FOR YOUR ACID-STOMACH. Instantly relieves Heartburn, Bloating, Gassy Feeling, Stops food souring, repeating, and all stomach miseries.
