

Just Where and How Is the Money to be Spent?

A businesslike Answer to a businesslike Question

THIRTY denominations cooperating in the Interchurch World Movement have budgeted their needs. No business could have done it more scientifically.

They have united to prevent the possibility of duplication or waste. At least a million dollars will be saved by the fact that thirty individual campaigns are joined in one united effort.

Each denomination has arranged its budget under six main heads:

- 1 FOR THE CHURCHES WORK AT HOME.** A score of items come under this head. Consider only one. Five and a half million people in the United States cannot even read and write the English language. Who is to carry forward this vast work of Americanization if the church does not?
- 2 FOR HOSPITALS AND HOMES.** Every year thousands of men and women seriously ill are turned away from Church hospitals because of lack of room. The children's homes are compelled to turn away more children than they can receive.
- 3 FOR HIGHER EDUCATION.** Of the 450,000 American students in institutions of higher grade, one-half are in institutions founded and supported by the Churches. Many of these institutions have had no great endowment campaigns, but their needs are just as pressing as the needs of larger schools; and you have only to read their list of alumni and alumnae to measure the value of their contribution to America.
- 4 FOR RELIGIOUS TRAINING.** At least 12,000,000 children and young people under 25 years of age are entering American life without any religious training at all. Remembering the faith of Washington and Lincoln, do you think that America will continue to produce Washingtons and Lincolns if faith dies out of the hearts of its youth?
- 5 FOR THE CHURCHES WORK ABROAD.** Influenza came first from the Orient thirty years ago; nearly all plagues are Oriental plagues. So long as China has only one physician to every 400,000 people the Orient will continue to be a menace. So long as one-third of the babies of India die before their second year our own babies are not safe. A Christian doctor or teacher sent abroad is working for America as truly as though he worked at home.
- 6 PREACHERS' SALARIES.** The preacher is called the "forgotten man," and he will be so. Right out of ten preachers are paid less than \$20 a week!

Each denomination has its own detailed budget, and will administer its own funds. Your pastor has copies of the budget; examine them for yourself. In the week of April 25th-May 2nd you will be given your opportunity to help. You can do it with the full satisfaction of knowing that every dollar of your gift has its post assigned to its advance.

Every dollar for better America and a better world. When your church calls on you give—and give with your heart as well as your pocket-book.

IRRIGATION AND DRAINAGE.
Most of the more than half a million acres of wild meadow and tule lands in Oregon can be reclaimed by drainage and irrigation and made to double their productivity by planting of domestic grasses says the new bulletin. The Improvement and Water Requirements of Wild Meadow and Tule Lands, just off the O. A. C. Press. The bulletin was written by W. L. Powers, head of the soils department, under whose direction vast areas have been redeemed or made more productive by water control. Farmers and others interested may get free copies by writing the state college at Corvallis. Two other reclamation bulletins—The Small Irrigation Pumping Plant, and The Duty of Water in Irrigation, are also ready for free distribution.

Even John D. will have to hand it to Birmingham. While the public was feverishly organizing "Overall Clubs" to cut the cost of clothing the dealers suddenly jumped the price of overalls from \$2.00 to \$6.00 a pair.

FARM REMINDERS

Seasonal Suggestions on Things Often Overlooked, as Seen by State College.

Poultry: Raise chicks from good strains of layers, then feed them in such a way that the pullets will keep up the reputation of the strain. Poor feeding of the chicks will result in poor laying of the pullets no matter what the strain is. It pays to buy the best feed.

Animal husbandry: This is a good time to set land aside to raise corn for silos.

Results of experiments carried on by the Eastern Oregon experiment station showed that steers fattened on alfalfa hay gained about one pound daily while those fed on alfalfa and silage in eight different tests gained a little more than 1 3-4 pounds daily. The cost of feed amounted to about the same in both cases.

Dairy: Build a silo and pay income tax. Unless the dairymen begin to market a better grade of cream the indications are that the price of butter fat will be as low this as it was last year or perhaps even lower.

In these days of prices and higher prices we have a certain amount of sympathy for those hardy gentlemen who for years have been boasting of the size of their appetites.

NOTICE OF SALE OF BONDS.

The City of Ontario, Malheur County, Oregon, offers for sale its negotiable Bancroft Improvement Bonds in the sum of Five thousand, four hundred, three and 89-100 (\$5403.89) Dollars, bearing interest at the rate of not more than six per cent per annum, to become due and payable in ten years from May 1st, 1920, the date of issue. Interest payable semi-annually. Bids for the same must be submitted in writing, and will be received subject to the legality of the bonds. No bids will be received or considered for less than the par value of the bonds. An unconditional certified check, payable to the order of the Treasurer of the City of Ontario, for an amount equal to five per cent of each bid must accompany said bid. Bids will be received subject to the condition that the bidder to whom the same are awarded will either accept or reject the same within ten days after receiving a transcript of the proceedings under which the said bonds are issued.

The Common Council of the City of Ontario reserves the right to reject any and all bids.

All bids for said bonds must be filed with the Recorder of the said City of Ontario, on or before Eight o'clock p. m. on the 3rd day of May A. D. 1920, thereafter and on which said day, the bids will be opened and action taken thereon by the said Common Council.

By order of the Common Council of the City of Ontario, Oregon.
R. W. JONES, Mayor.
