

Do not forget the millage tax for both higher and elementary education. Oregon must not return to the dark ages and refuse to educate its children.

As the Mayor says, the question of what the money is to be used for is the proper basis on which to determine whether it should be spent, or not.

Political Announcements

FOR ASSESSOR

I hereby announce myself a candidate for the office of Assessor of Malheur County, subject to the will of the Republican voters at the primary election to be held May 21st 1920.

Ever conscious of the great responsibility the office carries, I promise, if nominated and elected, to give my best thought and energy to a careful study of the relative property valuation and without fear or favor to so place the same on the tax roll that in my judgment all will bear alike their just and equitable burden of taxation.

I. B. QUISENBURY

FOR ASSESSOR.

I hereby announce myself as a candidate for assessor on the Republican ticket. Being a resident of Malheur county for 14 years and a taxpayer, I consider the office of assessor one of the important offices of the county.

If elected as your assessor it will be my endeavor to place conservative values upon taxable property of the county, so apportioned that each class of property will pay its just proportion of the taxes.

I have no radical notions relative to assessment or the performance of the duties of the office, but believe the work of the office should be done on a business basis, having in mind economy and fairness to all classes.

Yours very truly,
H. L. POORMAN.

A fair, conservative valuation of all classes of property.

POLITICAL ANNOUNCEMENT.

Subject to the result of the Primary election to be held, May 21st, 1920, I hereby announce my candidacy for the Republican Nomination for State Senator from the Twenty-second Senatorial District composed of Grant, Harney and Malheur Counties, State of Oregon.

If nominated and elected I will, during my term of office, endeavor to act with prudence and care in the

discharge of my duties, without fear or favor and for the greatest good to the greatest number.

CHARLES M. CRANDALL,
Vale, Oregon.

FOR COUNTY TREASURER

I hereby announce myself as a candidate for the Republican nomination for the office of County Treasurer, subject to the Primaries on May 21. If elected I pledge myself to the same careful attention to the duties of the office that I have given during the past two years.

C. C. MUELLER.

FOR COUNTY ASSESSOR

After serving one term as Assessor of Malheur County, during which time I have attended to the duties of the office to the best of my ability, I submit my candidacy for re-election to the approval of the people, subject to the Democratic Primaries May 21, 1920.

R. M. CARLILE.

Signed,
ROBT. D. LYTLE.

HARRY S. SACKETT.

FOR COUNTY SUPERINTENDENT

I hereby announce myself a candidate for the office of County School Superintendent of Schools of Malheur County, Oregon, subject to the will of the Republican voters at the Primaries to be held May 21, 1920. If nominated and elected I will devote all my time and energy to the advancement of the schools of the county.

MRS. EFFIE M. CRAIL.

FOR JOINT SENATOR.

I seek the Republican nomination for joint senator for the Twenty-second Senatorial District at the coming primaries.

If nominated and elected I promise to the District an honest service and will take my oath of office unpledged to any person or interest.

I am a liberal and not a reactionary or a radical; and especially so as

to public expenditures. Economy should mean thriftiness. Public expenditures demand a reasonable promise of material and social benefit. Irrigation and drainage under special assessments; good roads; protection of grazing lands and the public range for the good of the livestock interest as a whole; betterment of mail service; improvement of facilities of branch line railroads are among the important local needs. Roads and postal service in the country districts are the only visible returns from taxation, and the burden of taxation should be fairly equalized through these means.

On the foregoing statement I ask the support of the Republican voters.
CHARLES W. ELLIS, Burns, Ore.

FOR COUNTY SURVEYOR

Subject to the Democratic primaries on May 21, I hereby announce

my candidacy for the nomination for the office of County Surveyor.

H. TAMBLYN...

Notice to Laundry Patrons

The prevailing cost of household material and articles of wearing apparel is so excessive as to make it absolutely necessary that a limit be placed upon the responsibility of laundries for articles lost or damaged.

The laundry charges you for the service of cleaning only. This charge is exceedingly low when the increased cost of production, due to advances in labor, fuel and supplies is taken into consideration, and they can not consistently charge an amount sufficient to cover excessive claims without a material increase in price, practically prohibitive to the customer.

The laundries employ the best labor obtainable for the class of work they perform. To solve the complex problem of handling thousands of similar class of articles, we use an efficient system, which is a marvel to the public, adopted after many years of careful study and survey. However, in spite of all our efforts, it is impossible to eliminate the human element of errors.

The higher values tend to make customers more exacting, and the tendency of the times to the wearing of silks and high priced articles of clothing makes some provision absolutely necessary that will cause the customer to share the responsibility with the laundry.

Therefore, all work accepted will be at the risk of the customers, except where the original list is promptly brought in with the claim for shortage or damage, and in no case will responsibility be assumed to exceed ten times the laundry charges on the article lost or damaged. Please attach your count to your package or accept our count as correct.

Every reasonable care will be exercised to protect our customers in the future as in the past, and the reputation built up in years of service justifies the public in having confidence that only the unavoidable condition of the present time encouraging vandalism, and affecting the reliability of help, will lessen the reliability of this concern.
