

PARENT-TEACHERS ELECT NEW OFFICERS FOR NEXT SEASON
At a meeting of the Ontarian Parent-Teachers association at the High School last Friday afternoon the following officers were elected for the 1920-21 school year; Mrs. C. E. So-

coy, president; Mrs. W. F. Homan, Vice president and Miss Cora McNulty, secretary. The association is evidencing a revival of interest in school affairs and it is the purpose of the leaders to arrange a program to be carried out during the entire year.

Aids to Home Life and Happiness

There is no one thing that will bring you so much genuine comfort, and reduce the drudgery of housework, as an electric range.

A turn of the switch brings the radiated heat to the broiler, oven or hot plate. Cooking is simplified for this steady heat may be absolutely regulated at low menium or high.

Waiting for the fire to come up, the constant adding fuel, the nuisance of ashes, soot, smoke and poisonous vapors, are completely eliminated.

The result is a neat, constantly clean kitchen that is always cool. The radiated heat is absorbed by the contents of the cooking vessel, ann the oven and broiler are so insulated that the heat is contained, and is not distributed in the room.

Electrical Appliances for Many Purposes

Doing your work electrically is economical from every point of view. It is the ideal of the modern housewife to add one appliance after another until her home is so equipped that housework is remarkably simplified. To do the washing and ironing, cleaning and cooking by electricity, can only be appreciated by experience.

Brunswick Principles In Fine Tire Making

The reason you are interested in the name on your tire is that it identifies the maker. By knowing the maker you can judge his ideals of manufacture.

The only secret of a super-tire lies in the principles of the maker. His standards decide the quality. For there are no secrets in the tire industry.

What you get depends on what is behind the name on your tire. Brunswick, as you know, means a very old concern, jealous of its good name. Since 1845 the House of Brunswick has been famous the world over for the quality of its products.

The Brunswick Tire is all that you expect—and more. Your first one will be a revelation. You'll agree that you've never known a better. And you'll tell your friends. So spreads the news among motorists. The Brunswick is the most welcome tire that ever came to market.

Try one Brunswick Tire. Learn how good a tire can be built. And remember, it costs no more than like-type tires.

NATURAL VAMP IS TROUBLE MAKER IN BUSY OFFICE; BOSS VAMPED! HOOKED!

How a modest girl with a captivating smile lured a Manhattan Insurance Company into a work-shop of love-lorn wretches form the basis for the next Constance Talmadge picture which will be seen at the Dreamland Theatre May 18 and 19.

When Nobility Becomes Commercial "A Virtuous Vamp" is the title of this attraction, which is based on Clyde Fitch's play, "The Bachelor." John Emerson and Anita Loos, the screen's foremost satirists, are responsible for the adaptation and eastern critics have showered high praise on their effort.

As Nellie Jones, Miss Talmadge takes the part of a girl who found it convenient to cast aside her aristocratic name of Gwendolyn Diana Beaufort Armitage, in order to gain a place in the insurance office of James Crownshield, a bachelor who hated to mix social affairs with business.

Nellie is a steady stenographer until Gilda Gray, a Broadway shimmy dancer, makes application for a \$50-

It is then that Crownshield decides to stop being a bachelor, and this makes the beginning of Nellie's vamped attempts to win the only man who refuses to be captivated by her "innocent" wiles.
