## MARGUERITE CLARK

Back of it all were a wrecked ambition and a pawn broker with a heart. Through it all, the trail of diamond thieves, gay doings at a fashionable watering place, intrigues of designing dowagers, adventures of romantic youth, and the charm of Marguerite Clark in a tangle of love. A picture bubbling with laughs and throbbing with thrills, surprises scandals n'everything. Don't forget "Luck in Pawn," at Dreamland Saturday, June 5.

## Many Have Ruined Health.

"The greater proportion of people are born healthy and their way of living makes them sick," says a bulletin of the Indiana state board of health. "The people of America are only 50 per cent efficient on account of ill health and disease. Apparently our population is 100,000,000; actually it is only 50,000,000. This is the result of wrong feeding, cranky immorality, not enough air and sunshine, impure and insufficient water drinking; alcohol, caffeine and nicotine addiction, and our awful and absurd use of drugs and patent medicines."

## CARD OF THANKS

We wish to express our thanks to our many friends for their kindness to us in our time of sorrow. Also for the many beautiful floral offerings.

## "The Great Thing About Real Tobacco" says the Good Judge

is that it tastes so good, and a little chew lasts so much longer than the old kind.

The good, rich tobacco taste stays right with this class of tobacco. That's why it costs you less to chew it.

Any man who uses the Real Tobacco Chew will tell you that.
