

FRUITLAND SCHOOL BOND ELECTION FAILS TO CARRY
(Continued from Page 1)

Sunday.
Messrs. Walter and Fred Schmid returned the last of the week from Moscow where they have been attending the State University.
G. I. Hollenbeck was unfortunate in having his right thumb almost lacerated from his hand last week, cutting the arteries and nerves.
The Friendship W. C. T. U. meeting which was to have been held on the 24th has been changed to June 30th and the meeting place is at the home of Mrs. R. S. Kutch.
The baseball game Sunday on the home grounds between Fruitland and Big Bend was in favor of Fruitland, score 11 to 10.
Mr. Nick Rauert and Mrs. Brown, of Grand Island, Nebraska, are the guests of Mr. and Mrs. Jacob Rauert.
Mr. and Mrs. William Bishop were over from Dead Ox Flat Sunday to spend the day at the Jacob Rauert home.
Mr. R. G. Wilson left Sunday for California accompanying his brother who has sold his interests in Montana and is leaving to make his home in California. It is hoped that the change in climate will benefit Mr. Wilson's health.
Mr. Percy Powers is home from Spokane to spend the summer with Mr. Frank Powers.
Mr. and Mrs. A. C. Adam and

daughter, Olive, of Emmett Sundayed with Mr. and Mrs. Zane Schubert. Mr. and Mrs. B. Whealdon and Mr. John Tackett were in Parma Sunday the guest of Miss Florence Anderson, accompanied them.
Harry Bowers who has been in school in Indiana is now employed in a large music store in Chicago and will not come home for the summer.
Miss Ruth Whealdon is home from the Deaconess Training school for nurses in Spokane to spend her holiday with her parents, Mr. and Mrs. B. Whealdon.
Dr. Allen Anderson and Miss Esther Russell were in Parma Sunday, guests of Miss Florence Anderson.
J. W. Gilmore was called from the eastern part of the state to Portland because of the very serious illness of his sister, who visited the Gilmore family here last summer.
Mr. and Mrs. O. E. Bossen were out from Payette to spend Sunday at the P. D. Bossen home.
Unfortunately the bond proposition at the special school election last Thursday failed to carry by nine votes. A new High School is needed badly in order that the smaller grades may have more room in the other building. A mass meeting was held Tuesday evening at the School House to discuss the matter.
Appropriate Children's Day exercises were held at the Brethren Church, in the way of a cantata, during the morning services hour.
There were Children's Day exercises in the morning at the M. E. Church and a collection taken to help those who are unable to pay

their way through College.
Dr. Van Dusen will begin on next Sunday evening a series of six sermons to which all are cordially invited. Rev. Van Dusen is trying to build up the Sunday evening services. The subjects are "The people who made New England Great," "The Dutch," "The Scotch," "The Huguenot," "The Quaker," "America's Future."
Friday evening at the home of Miss Esther Reed in Payette was held a Little Kid's Party. Those who were invited were the Seniors from the Fruitland High School, Prof. and Mrs. T. R. Neilson and Prof. and Mrs. Howard Mason. A most delightful evening was spent and delicious refreshments were served. The Seniors accompanied by some of the High School instructors early Saturday morning went to spend the week end camping and fishing for trout forty miles above Weiser on or near Bear Creek.
The Ladies Aid of the Brethren Church are busy this week muresewing the basement and painting and the men expect to paint the inside of the Church upstairs. Already extensive improvements have been in the interior.
A new piano has been purchased for the M. E. Church by the Endeavor Society which adds to the music.
Chautauqua begins the 21st and lasts five days and the program will be very entertaining. This institution should be encouraged for you will find it worth while attending.

DEVELOP RESOURCES, STATE CHAMBER'S AIM
Movement Now in Progress Will Allow Broader Activities.

What does Oregon need?
What—if it were possible to name the chief factor—does it most need in order to develop with a maximum of success?
The question is impossible to answer. There is no "chief factor." The solution lies not in one particular need, but many.
Oregon today, facing an era of development unparalleled in its history, must fill these needs if it expects to go ahead.
Of the many factors that must be employed if the state is to progress immigration and colonization stand pre-eminent in order to solve the vital problem of land settlement.
Irrigation, reclamation of land and drainage must be developed as another method of bringing about the solution of this problem. Farm labor must be brought in. Homeseekers who in turn become food producers, must be encouraged and made to see the possibilities that await them in the great northwest.
Good roads must be built. As the vast tracts of wilderness with their billions of feet of timber are concerted into lumber, highways must be provided over which commerce can be carried and the scenic beauties of the State viewed by the tourist.
Among other needs are industrial expansion, railroad extension and water power development.
Advertising and publicity must be carried on if Oregon is to be made known as a country for the homeseeker where Opportunity beckons. Its scenic beauties must be advertised to attract the stream of golden dollars from tourists and pleasure seekers. Other states, most of them with fewer advantages to attract, are realizing millions each year from tourists—because they realize the value of advertising and making public what advantages they possess.
Oregon must develop its water transportation, its mineral lakes, its ports and reach out for foreign trade and it must develop the state to produce the exports which are to go down to the sea in ships. It must expand its educational facilities as an additional advantage to hold out to the homeseeker with children to educate.
The Oregon State Chamber of Commerce is the most logical agency to carry on this development work simply because a state organization of this nature can work for the mutual good of all communities in the state without favoring any particular one.

They're Here

Below are the prices of the new Wayne Washer.

Cash \$100.00

On time—\$108.00—\$18.00 down and \$7.50 monthly.
12 months to pay in.

We have this washer on our floor for your inspection and can make deliveries at once.

\$2.00 Values Special \$1.38 yard

Silk Gingham

36-inch plaid silk Gingham in a variety of patterns and colors.

\$1.00 Values Special at 78c yard

OREGON PLAYGROUND FOR TOURISTS AIM OF STATE CHAMBER

Switzerland used to be the poorest country, per capita, in the world. Now it is the richest. Tourist travel did it.
Main and Colorado each receive \$50,000,000 per year from their tourists; Florida gets \$250,000,000; California, half a billion a year. Oregon gets \$5,000,000.
A three year's advertising campaign by the Oregon State Chamber of Commerce may be expected to bring in at least one-half of what Main and Colorado get, or \$25,000,000, which should increase on a rising scale.

STATE CHAMBER SEEKS TO DOUBLE POPULATION ON FARMS IN 3 YEARS

Oregon has water resources to irrigate 4,000,000 acres of land now unproductive, and which would support in comfort, 200,000 new population, or about 40,000 new families.
If in its three year's campaign to put families on Oregon's vacant land, the Oregon State Chamber of Commerce can bring 1,000 families to utilize this land and water, it will mean in expenditures alone for such commodities as clothing, food, furniture, etc., of \$1,000,000, calculating the expenditures for an entire family at only \$1,000 per year, to say nothing of the wealth produced by these new settlers.
Land settlement is one of the chief aims of the Oregon State Chamber of Commerce.
Movement to aid in the development of the State.
Oregon has 16,000,000 acres of tillable land now uncultivated.
Oregon produced 20,400,000 bushels of wheat in 1919.
If Oregon's 16,000,000 acres of tillable but uncultivated land were planted in wheat and the yield were the Oregon average for ten years—21.9 bushels per acre—new production would be 350,000,000 bushels which, at the price today of \$3 per bushel, would mean a cash value of \$1,051,200,000.
The Oregon State Chamber of Commerce expects to double the number of farmers in three years. If this means double the wheat crop, it will mean an additional yield of 20,400,000 bushels of wheat, which at the prevailing price would mean a cash value in new money of \$61,200,000.

Our Safe Deposit Vault

Are YOUR valuables protected? If not--- they should be.

The best place is a box in our Safe Deposit Vault---the only special Vault in Malheur or Payette Counties.

Ontario National Bank

OLDEST BANK IN
GRANT, HARNEY and MALHEUR
COUNTIES

The world, we are assured, will become reasonably decent in time. But who of us has hope of living a thousand years to see the fulfillment of a doubtful prophecy?
Scandalously high prices are said to have followed every important war of recent history. That is consoling, but not very filling to an empty stomach.

CAN YOU SAVE \$10 a Month

Saving is the surest road to success. Putting by a little each month provides for your family and you become a stockholder--a part owner--in a great institution. An institution that provides the power for homes, industries and agriculture in Idaho.

GROWTH

This business must grow in proportion to the needs of the State. As a servant of the people it is more closely allied to their interests than any other business. Development is assured as power is a necessity. Invest in the Cumulative Preferred Stock of the Idaho Power Company paying 7 per cent.

Interest Paid on the Smallest Saving

This stock is selling for \$100 a share and yet you may buy it for just \$10 down and \$10 monthly payments. The savings made bring 6 per cent until the stock is paid for in full, and then 7 per cent dividends are paid quarterly each year.
