Ready in An Emergency

When illness comes it is better to be prepared. There is no need for "borrowing" from a neighbor if you have a hot water bag or other rubber accessories that are so often needed in times of illness.

ELECTRIC RANGES **Clean and Cool**

A cool clean kitchen! What could be more desirable? Always a bright and cheery kitchen with white woodwork, enameled walls, gleaming porcelain sink, and a spotless floor when you use an electric range.

> Cool, because an electric range will give you cooking heat by radiation. Clean because this heat is produced without ashes, without smoke, without soot, or harmful fumes.

> Clean kitchen utensils, clean walls and floor, and even clean pure air in the room. In such a kitchen it is a joy to work.

From every standpoint an electric range provides the ideal method of cooking. We will be glad to explain further the economy and helpfulness of an electric range---plan to come in tomorrow.
