We Loan Money

This bank loans money. That's the way we make our living. But we don't loan money foolishly nor for imprudent purposes.

It is our ambition to see this community prosper and it is decidedly to our advantage to see that it does prosper, because if the community prospers our deposits will be increased and we will have more money to loan. It can readily be seen, therefore, that we cannot consistently loan money for any purpose not conducive to the best interests of the community in general and the borrower in particular. On this basis this bank loans money gladly.
