SOVIET GOVERNMENT AGREES TO ARMISTICE

Bolshevik Commanders Ordered to Arrange for Negotiation With Poles.

London.—The Russian soviet government has accepted Poland's proposal for an armistice and has ordered all bolshevik commanders in the field to arrange for negotiations to that end immediately, a wireless dispatch from Moscow stated.

Russia's reply to Poland's application for armistice negotiations brings in sight a possible solution of one of the most serious crises which Europe has had to face since the conclusion of the armistice with the Germans in November, 1918.

The official world of allied Europe has been stirred to its depths and undisciplinedly alarmed over the sweep of the soviet armies through territory held by the Poles to the very borders of Poland proper, with a menace to Warsaw and the virtual wiping out of Poland as a nation looming up to the allies as possibilities if measures were not taken to head them off by giving efficient and speedy aid to the Warsaw government.
