"WOLVES OF THE NIGHT"

William Farnum appears on the screen Friday, August 20, at the Dreamland Theatre in "Wolves of the Night," a William Farnum picture production. This proves one of the finest pictures seen here in a long time.
No more breathless and exciting romances have been experienced in motion picture plays than the imprisonment of the hero in a mine by explosion, his subsequent escape, and his terrific fight with three conspirators who have wrested his fortune

from him during his absence in a foreign country.
Just after his marriage he leaves for Chile to investigate some copper mines. An attempt on his life is made and his wife is told he is dead. He returns home several years later to find his wife married to the man responsible for his mishap.
"Wolves of the Night" is a real Farnum picture, which means a picture rich in romance and stirring action. The scenic effects are very striking and the photography beautiful.

Now the whole family can go out on a Summer evening

THE women should certainly be thankful for the automobile. It has given them a chance to see a lot more of their husbands.

they're beginning to insist on knowing what they are getting.

And the more they insist, the better it will be for us.

But it has done a great deal more than that.

We want our customers to know what they are getting.

That's why we represent U. S. Tires—so there will be no doubt about it.

It has brought people closer together, given them new interests, swept away old prejudices.

What affects one man now generally affects a good many of his neighbors in the same way. And they have a better chance to get together and talk things over.

Whatever the size of your car, you know that the U. S. Tire you put on it is the best kind of tire its makers know how to make.

It's had its effect on the tire business.

U. S. Tires are guaranteed for life, without any limitation of mileage.

When automobiles were new people were willing to buy any kind of a tire. Now

That ought to mean something to the man who has thought about tires.

Select your tires according to the roads they have to travel:
In sandy or hilly country, wherever the going is apt to be heavy—The U. S. Nobby.
For ordinary country roads—The U. S. Chain or Usco.
For front wheels—The U. S. Plain.
For best results—Rural Cord.

THE CHENEY PHONOGRAPH

The Cheney Plays All Records

Equipped with reproducers for vertical and lateral cut records

THE music of the world is at the door of The Cheney. All records, whether lateral or vertical cut, surrender all their loveliness to this master instrument. Equipped with two reproducers made from the most resonant material available—cast bronze—The Cheney may be adjusted in a moment's time to play either type of record.

One reproducer is equipped to receive steel or fibre needles—the other is arranged to receive jewel or steel needles. The charm with which The Cheney plays records of either type is irresistible. Those delicate shadings of voice, faint staccatos of violin, and lovely overtones which give any masterful production its individuality, are brought forth in all their beauty.

Mechanical vibrations, transformed into musical tones, are passed on unimpaired by the resonant Cheney bronze reproducer. Each reproducer is properly voiced so that acoustic interference or "blast" is eliminated and surface noise is reduced to a minimum.
