High Prices

High prices mean cheap dollars. Cheap dollars induce speculation. Speculation is fine so long as prices soar—but look out for the DROP.

Here is our advice in times like these: Avoid debt, for the debtor may have to pay back these cheap dollars with dear ones. Avoid speculation. Above all, SAVE, now while money is plentiful and prices are soaring. The cheap dollars of the present will be more valuable some day. Grab them now and hold onto them. It is the chance of a lifetime to save. Use our Bank as a depository. Every dollar entrusted to us will be carefully safeguarded.
