AMERICAN LEGION IN ANNUAL CONVENTION

Cleveland .- More than 100 delegates were in their seats in the Hippodrome theatre here when Franklin D'Olier, national commander, called to order the second annual convention of the American Legion. The theater resembled a political convention designated by standards.

Commander D'Olier presented Rev. Francis J. Kelly, of Troy, N. Y., the "fighting chaplain," who delivered the invocation. Mayor William S. Fitzgerald welcomed the visitors.

Cleveland was packed with members of the legion and its auxiliaries and the city had a martial aspect resembling war times, as many of its guests wore the khaki of those strenuous days.

The parade was held Monday afternoon and officers of the legion say that at least 20,000 members of the organization were in the line of march. Among those who reviewed the le-

gion forces was General Payelle, who in one side and thus spoiled the tricommanded smany Americans in France and who came as a representative of the French government and Marshal Foch.

SECRETARY TAKEN

Chicago.-Agents of the departmen of justice raided a house here, arrested a man alleged to be Witty Schechman, at one time secretary to Nichoias Lenin, Bolshevist premier, and confiscated documents alleged to contain the code whereby Russian radicals in this country communicated with each other.

Scheehman, according to police, was secretary to Lenin previous to 1915. For some time after that he resided in France and only recently did it become known he was in this country.

The documents seized in the raid are said to show that Schechman came to this country as the delegate of the Third Internationale of Russia to the recent convention of the Communist Labor party in Chicago.

Considerable radical literature and propaganda also was seized.
