

Harding and Coolidge AND Good Government

TO THE AMERICAN VOTER:

Are you satisfied, even content, with existing conditions of life?

Of course you are not.

You are burdened with taxation and the high cost of living.

For everything entering into your daily life you are paying an abnormal price—an unprecedented price.

Why?

Largely, if not altogether, because of the extravagance of government at Washington—because of padded payrolls—because of colossal waste following the war—because of looseness, laxity, inefficiency and incompetency in handling the country's affairs.

You are paying the bills for all this—you, Americans, men and women, who make up the good citizenship of this nation.

You are paying, and paying dearly, for all this.

Your Liberty Bonds—those I. O. U's of Uncle Sam—in which you invested so proudly, so generously, so patriotically, to help win the war, are today below par. You made sacrifices, some of you, most of you, to buy them, and now, with the war long over, but with peace not yet fully established, you must make further sacrifices, if compelled to sell those Liberty Bonds, in order to meet the abnormal conditions confronting you and entering into your daily life at every turn.

Think of the tragic climax thus put upon your patriotism!

WAR MEANS WASTE. WAR IS WASTE. BUT WAR WASTE SHOULD HAVE ENDED WITH THE ENDING OF WAR. It did not end then—it has not ended. It has gone on prodigally—shamefully. And you, long-suffering American citizens, are paying the bill—paying in taxes and high cost of living the price of it all.

Is it not time to call a halt—high time?

A Republican Congress curtailed governmental extravagance to the extent of TWO BILLIONS or more—reduced the department estimates to that extent in spite of the resistance and obstruction of the Wilson Administration. Think of that! But that was just the beginning of retrenchment and reform which cannot be effected fully until the Executive and Legislative departments of the government are working together efficiently and in unison to bring about retrenchment and reform. And this means A COMPLETE CHANGE AT WASHINGTON—the substitution of efficiency for inefficiency, capacity for incapacity, all along the line.

Then, and then only, will you be relieved of the burdens you are carrying today.

You are hearing talk about America's duty to the world. Much of it is intended solely for campaign purposes and is as full of deception as the cry, "He kept us out of war," the Democratic slogan of 1916, when the Administration at Washington knew full well that no power under Heaven could keep us out of war, and that, in fact, at the very moment, when an election was being scantily won by false pretences, the Nation was even then virtually at war.

America do her duty to the world!

When, pray, did America ever fail to do her duty—her full duty—in any crisis or contingency affecting mankind? Never!

And America can be counted upon as confidently in the future as she has been counted upon in the past.

AMERICA IS A DUTY DOING NATION. Any suggestion to the contrary—whatever the individual view as to the adjustment of world affairs, whether through a League of Nations or not—is an affront to every true American and must be dealt with as such.

The Republican Party pledges you Good Government. It pledges to you efficiency, economy, courage and the square deal. It pledges you an American government—the sort of government that a long and illustrious line of Republican Presidents have given this Republic.

DO NOT ALLOW YOUR COMPLETE CONFIDENCE IN THE RESULT TO KEEP YOU FROM THE POLLS ON ELECTION DAY.

Do your duty as a citizen—an alert, wide-awake, American citizen—just as America has ever done and will continue to do her full duty as a nation, and thus will you help to put your Uncle Sam's house in order.

Vote for **HARDING and COOLIDGE** and a **REPUBLICAN CONGRESS** on November 2, and all will be made well.

HARDING and COOLIDGE MEAN GOOD GOVERNMENT.

And **GOOD GOVERNMENT** is what we all need and must have.
