**For Good Schools**

**Teachers and Parent-Teachers Association Gain Consent of Fay Clark Hurley to Accept Nomination for Second Term as County School Superintendent.**

Fay Clark Hurley accepted a position in the Vale High School at a better salary than that paid the County School Superintendent with the intention of not becoming a candidate for re-election but at the request of the teachers and parents interested in good schools she has consented to allow her name to be placed on the ballot.

She will, if elected, resign her position in the High School and has consented to do this because of her interest in the upbuilding of the schools of Malheur County.

We know that she is capable and has done excellent work in the past and we are anxious that the same high standards be maintained in the schools of the county which have been reached through the untiring efforts of our present Superintendent.

Mrs. Hurley's attitude in regard to becoming a candidate for re-election has been misrepresented. It was because of us and many others who are vitally interested in the education of our children that she consented to run for a second term. We take this opportunity to explain just how Mrs. Hurley was prevailed upon to allow her name to be placed upon the ballot and ask that all who are interested in good schools, work and vote for her re-election.

Respectfully,

**BASEBALL JURY INDICTS THIRTEEN**

Chicago.—Indictments against 13 persons believed to have been implicated in the "throwing" of games in the 1919 world's series by Chicago American league players were returned by the special Cook county grand jury, which has been investigating the baseball scandal for more than a month. Further indictments are expected.

Indictments against 10 men previously had been voted, but were vetoed to overcome legal technicalities while the other three—Abe Attell, Hal Chase and William Burns—had only been unofficially mentioned in connection with the investigation.

All of the indictments charge conspiracy to commit an illegal act, a crime for which a penitentiary sentence can be given under the laws of Illinois.

Chase and Burns, ex-major league players, and Attell, once the featherweight boxing champion of the world, have been accused by witnesses of being three of the clique which "framed" the world series and arranged to bribe the Chicago White Sox players for sums to range from \$2000 to \$10,000 to try to lose games in the contests for the world baseball championship.

**Ration Liquor in British Columbia.**  
 Victoria, B. C.—Liquor is to be rationed in British Columbia. Tabulation of final returns in the recent election shows that the former prohibition law, under which all liquor could be secured only on a doctor's prescription, was defeated by nearly 27,000 votes with women voting. The government plans to establish stores where liquor will be sold to all persons who present ration cards. No restriction will be placed on the use to which the liquor is put.
