# Citizens of Oregon Don't Be Fooled Again

Remember 1916 "He Kept Us Out of War" The same crowd of Democratic Office Holders now say "Cox and Contentment" and "Peace, Prosperity, and Progress"

## It Is A New Slogan By The Same Old Crowd

We have had Eight Years of Empty slogans, broken promises, inefficiency and wastefulness. We want results, not Slogans; performances, not promises; efficiency not wastefulness; we want protection, not exploitation; Malheur County wants her share of the Government Reclamation Funds.

**WE DON'T WANT TO BE FOOLED AGAIN**

**Cox and Chamberlain**  
**Stand for**

Argentine Beef,  
Australian Mutton,  
New Zealand Wool, Canadian Wheat  
Chinese Butter and Eggs, The  
League of Nations and Empty Slogans

**Harding and Stanfield**  
**Stand for**

America First,  
The American Farmer and Stock Grower,  
The American Home, and  
American Institutions.

We have no mud to sling, but we want Senator Chamberlain to tell us why Oregon don't get Federal Aid for Irrigation, why Argentine Beef is sold cheaper than Oregon Beef, why Oregon sheep men can't sell their wool, why Chinese Eggs and New Zealand butter flood American Markets, why the Democratic Party refused to give Oregon a cantonment, while the South was filled with camps; why we have so many Democratic slogans and so little efficiency. Why the Military Affairs Committee permitted so many abuses in the camps, why American soldiers are still in Siberia, and if the League of Nations is a good thing for America, why he didn't vote for it.

**Malheur County Republican Club**
