

See if You Can Find the Equal of Brunswick Tone

Hear the Brunswick, then make comparisons. That is our advise to every one who calls.

Thus we have gained such a tremendous following. For no music lover, however critical, can find an equal in tone, workmanship and finish.

The Brunswick brings to you new-day betterments, improvements you can't find elsewhere. No other phonograph has the Ultona, No other has the Brunswick Tone Amplifier. They are Brunswick patents.

And no phonograph is built better, for the House of Brunswick has been noted for nearly a century for its fine wood-crafting. Brunswick Phonograph cabinets are made by Brunswick, not bough here and there.

We've urged always that comparison be the basis of your purchase. And in over a half million homes there are Brunswicks that could never be replaced.

There is no record made that a Brunswick owner cannot play—and play better
