NATION, STATE AND COUNTY REPUBLICAN.

(Continued from page 1)
far reported the vote was, Ellis 1409, Homan 1264.

Lytle Wins From Swagler
Robert D. Lytle won the district attorney from R. W. Swagler by a majority of more than 500, and which will perhaps reach 600. From the 23 precincts the vote was Lytle 1681, Swagler 1200. Mr. Swagler carried only four precincts, Snake River, Ontario 2 and 3, and Cairo.

Graham Next Assessor
Andrew Graham of Juntura who never left his home town during the campaign won the assessorship from Morgan Carlisle by over 200 majority their vote being 1254 to 1046 in the 23 precincts reported. Carlisle carried seven precincts Jamieson, Brogan, South Vale, Bully, Snake River, Ontario 3 and Arcadia, all by narrow margins.

Mueller Defeats Rieder
C. C. Mueller was re-elected county treasurer over F. S. Rieder who has lived here for but two years and consequently was known to only a limited circle. Their vote was, Mueller 1743, Rieder 786.

P. J. Gallagher was elected representative, Gilbert W. Dean county commissioner, H. Lee Noe, Sheriff, R. O. Payne, coroner, H. Tamblin, surveyor, all without opposition.

Sackett County Clerk
Harry Sackett republican nominee for county clerk won from Roy Smith by a vote of 1778 to 1073, and is the first republican to hold that office in eight years. The size of Mr. Sackett's majority was the principal element of surprise in this race, and emphasized the "voter straight" tendency shown by the voters thruout the county.

As the result of the election the republicans now have a majority of the offices in the county, Judge E. H. Test, county judge, Lee Noe, sheriff, Dr. R. O. Payne, coroner and H. Tamblin being the only surviving democratic office holders.

SPEEDY OVERTHROW OF SOVIET FORECAST

London.—Complete overthrow of the Russian soviet government as a result of its present perilous military and economic situation, was forecast in diplomatic circles here.

Under pressure from the Poles from the west and General Wrangel on the south, the Bolshevik armies were reported to be crumbling and in danger of utter collapse.

The morale of the troops, according to dispatches from Helsingfors, has been shattered by repeated defeats and mass meetings are being held on the western front at which demands are made for immediate peace.

The Poles since August 15 have regained about half the ground they yielded before the Russian advance, which began early in July and which was only after soviet troops had hemmed Warsaw in on three sides.

BIG NAVY ADVOCATED

Chairman of House Foreign Relations Committee for Preparedness.

San Francisco.—Members of the American congressional party which has been touring the Orient for the last few months, arrived in San Francisco aboard the United States army transport Madawaska.

"America must be prepared," was the statement of Congressman Porter of Pennsylvania, who is chairman of the house foreign relations committee. "We must build first line battleships; we must recruit our navy to full strength. Present conditions make it imperative that we have a navy second to none."

Relief Money Squandered
Constantinople.—At the hearing of six Americans arrested on a charge of having defrauded the Near East relief, Lieutenant-Colonel Coombs, director of the organization, admitted that many expensive dinners to high allied officers had been given with money belonging to the Near East relief. He testified the arrangements were made by Davis, one of the defendants, and that champagnes and wines figured in the menus.

Poles Capture 42,000 Reds.

Warsaw.—President Pilsudski is at the northern front personally commanding the drive which it is announced has resulted in the complete defeat of 16 Russian bolshevik divisions. The staffs of two bolshevik armies, four divisions and several brigades and regiments have been taken prisoner. Prisoners number 42,000.

FIRST MEAL GROUND BY ROSS' NEW MILL

Mill Product of Malheur County Looks Good—Seattle Buyers List Orders—Declare Demand Will Be Increased Soon

The first samples of the first alfalfa meal ground in Malheur county were brought to The Argus last Friday by George Ross whose mill on the Boulevard was put in operation that day. It looks good, so those who know, say.

Mr. Ross took a quantity of samples and left Saturday night for Portland and Seattle in search of orders. He returned Wednesday highly elated over the success of the trip.

At the present time, he said, meal from the Yakima valley is supplying the Seattle market, but with the mills there practically thru milling all the hay close about them, the difference of \$3 per ton in freight rates will be absorbed and meal from this section will be able to meet them on a par.

The price prevailing there now he said would be about \$25 per ton, f. o. b. Ontario. The hay buyers of Seattle and Tacoma, he said, were unanimous in their opinion that before the first of January the market for meal will be greatly improved.

We want your turkeys and poultry of all kinds; also bring us your cream. We pay market price. Independent Market.

The Methodist Ladies Aid will hold a Harvest Home Carnival with chicken supper and lots of fun. Will announce place next week. Date, Wednesday, November 18th.

CLEAN BASEBALL TRIBUNAL WANTED

Men Above Question Desired to Take Charge and Purge Game of Evils.

Chicago.—Representatives of four major league baseball clubs have started a movement designed to "clean up baseball forever" by taking control of the game out of the hands of men financially interested and placing it under a "civilian tribunal" to be composed of men "of unquestioned public standing."

A letter was sent to every major league club and dozens of others interested, asking their approval of the plan.

It proposed that the national commission be abolished because "in its present form it cannot be impartial," and that in its place there be a tribunal whose members would receive higher salaries than anyone now connected with baseball. General Pershing, Major-General Leonard Wood, former President William Howard Taft, Senator Hiram Johnson, Judge K. M. Landis and William G. McAdoo are some of the men proposed for the tribunal, but the letter adds that none has been approached.

The tribunal would be in absolute charge of all organized baseball leagues, of the players, the managers and owners and league presidents and its decisions would be beyond appeal or dispute.

The letter declared that such a plan must be worked out immediately if baseball is to continue as the national game and points out the gambling and betting evils revealed in the past two years.

THE ARGUS PRINTS BUTTERWRAPS

ONTARIO BOY ENJOYING LIFE IN LAND OF UKELELE

Service in Hawaii, the Paradise of the Pacific, is the lot of Wendell P. Holland, the son of Jonas Holland of this city. Young Holland joined the Marines at their recruiting station in Salt Lake City, Utah, on December 20th, 1919. Before sailing on the transport for the Land of Aloha, he had served at the big Marine Corps Post at Mare Island, Calif., where he received his course of recruit training, learning all the tricks of the sea-soldiers' trade.

The Marines serving at Pearl Harbor made frequent trips to Honolulu, where at the famous Waikiki Beach there is bathing all the year round. They also have access to the Bishop Museum, which contains a complete history of Hawaii, and relics of all the Hawaiian dynasties, dating from the region of King Kamehameha the First. Although the modern Hawaii is given up to the raising of sugar cane and pineapples, and the god of Commercialism reigns supreme, in common with the rest of the civilized world, still much of the old folklore remains, as a sort of monument to the adorable Polynesian race which is rapidly dying out due to inter-marriage with the Chinese and Whites.

The climate of Hawaii is one of the wonders of the world, the temperature remaining practically at 70 degrees all seasons of the year.
