**SAVES \$2,000 BY READING
ARTICLE IN MARKET REPORTER**

A saving of \$2,000 in the purchase
of 10 cars of cottonseed meal was
realized recently by a New Jersey
farmer's exchange as a result of an
article in the Market Reporter, pub-
lished by the Bureau of Markets of
the United States Department of Agri-
culture. The manager wrote that
the information in the article which
discussed the cottonseed-meal situ-
ation, caused him to delay placing
an order for his association, with the
result noted. The letter is typical of
many received by the bureau.

The Market Reporter, issued week-
ly, and sent free on application, re-
ports market condition with regard
to live stock and meats, poultry and
dairy products, fruits, seeds, hay, and
feeds; the prices paid at representa-
tive markets and the volume of
stocks being moved. The informa-
tion on these various products is ob-
tained from authoritative sources by
means of direct representatives at
large market centers, and through
the cooperation of some 474 rail-
roads whose superintendents make
daily reports to the bureau as to car-
load lots of certain kinds of produce
loading and in transit.

Among those who came down from
the upper country to learn the re-
sults of the election Tuesday were
Mr. and Mrs. Wayne Allen of Bro-
gan. They were the guests of Mr.
and Mrs. Ivan E. Oakes.

BUICK

THE power, the satisfying performance and
the striking utility value that have charac-
terized Buick models for two decades are again
the dominant features of the new Nineteen
Twenty One Buick Series.

Combined with this striking serviceability are
beauty of rounded lines and the comfort of
roominess and smooth riding which affords the
utmost satisfaction.

For those desiring every refinement of appoint-
ment with general utility, the new Buick
Seven Passenger Sedan is admirably fitted.

Authorized Buick Service everywhere cooper-
ates with Buick owners.

VAN PETTEN LUMBER CO.

**HOMES
ARE THE
SAFEST
INVESTMENT
TODAY**

This is the second reduction we have made to
our customers since the high prices prevail-
ing six months ago.

We have also absorb several dollars per thous-
and feet in cost to us, on account of heavy
advance in freight rates in August this year.

IN SIX MONTHS

LUMBER PRICES REDUCED

Dimensions Reduced...	33 1-3 per cent
Fir Rustic	40 per cent
Fir Ceiling	40 per cent
Fir Flooring	25 per cent
Fir Finish	25 per cent
Shingles, per thousand	\$2.00
Laths, per thousand	6.00

These reductions are in line with the reductions
in price of farm products and other com-
modities. It is as low as the mills can go
for some time to come and prices will prob-
ably advance the coming year, when build-
ing commences in the East to fill the big
shortage of houses that now exists.
