

KINGMAN KOLONY

KINGMAN KOLONY GIRL BACK FROM LONG STAY IN EUROPE

Son of Kingman Kolony Residents to Practice Medicine in Nyssa—Home Nursing Course Just Kolony News

Dr. N. C. Mac Lafferty of Seattle is at the home of his brother, Geo. C. Mac Lafferty in the Kolony. Dr. Mac Lafferty was a practicing physician in Seattle and expects to locate in Nyssa.

The Home Nursing course was completed Friday and the examination was given. The ladies feel it was well worth the time and effort. Miss Simmons has had wide experience, and made the course interesting. She expects to visit in Denver and Seattle for two months.

Mrs. H. R. Scott received a telegram from her daughter, Miss Ellen Scott, from New York Mandy telling of her arrival from England. She has been in England and different parts of Europe for several years. After visiting in the east, she will come to the Kolony to be with her mother for some time.

Kolony citizens all voted at the Owyhee school building Tuesday. One hundred forty votes were cast. The men from the drainage camp are largely Idaho citizens and went to Caldwell to vote.

Many enjoyed the Halloween party Saturday evening. Fortunes were told in various ways, and all kinds of information, from the price hay is to sell for to the date of the next eclipse of the sun, was gained.

There were large attendances at the Farm Bureau and political meetings this week.

Reverend Shields will hold his regular monthly service Sunday morning at eleven o'clock.

C. H. Smith from Portland representing Baar and Cunningham, consulting engineers, is here this week.

Geo. O. Smith was in Caldwell Friday and Saturday.

Mr. and Mrs. Bullard of Arcadia

spent Sunday with their daughter, Mrs. Vanderpool.

Mr. and Mrs. W. E. Edwards were in Nyssa and Parma Friday bringing Mrs. Edward's sister, Miss Mason, home with them for the weekend. Miss Mason is principal of the Roswell school.

Mr. Fogle, who is on Mr. Beaumont's place, and Robert Wallace have made improvements on their houses lately.

The hay balers have returned to bale the third crop on the Otis place.

Miss Vera Neeb spent the week end at her home in Ontario.

The Elliotts were in Ontario this week.

Laurence Mac Lafferty has gone to Ontario to get a new Fordson tractor recently purchased by Mr. McCurdy. The Fordson agent demonstrated the work of the tractor on two Kolony places this week.

Saturday, the sixth, is Community Clean-up Day at the school building. All who are interested in the school and community are included. They will assemble in the morning, and much is to be accomplished during the day. The ladies will serve dinner at noon.

H. S. Burroughs came from New Plymouth Wednesday for the Shortline ditch meeting.

The report was circulated through

the country this week that the Otis hay which has been shipped out had weevil, that five cars would be burned, and that the quarantine had been extended to include this part of the county. Investigation shows that all of this is absolutely false, and Mr. Breithaupt, county agent, sent word that this part of the county is not under quarantine.

The trenching machine, which is now in a twelve foot cut, has opened up a big flow of water, and the ground is caving so badly they have had to resort to solid timbering, which has considerably slackened their speed in laying tile.

The fact that the waste land can easily be reclaimed has been proven by Mr. Parsons, who has seven acres of splendid fall wheat on land where the drainage ditch has been dug this summer. The land in the Kolony

that it cannot soon yield satisfactory crops, which needed the drainage most has not been unfit for use long enough.

CONGREGATIONAL CHURCH

(D. J. Gillanders, Pastor)

Sunday School 10:00 A. M.

Preaching 11:00 A. M., Subject, "Salvation not Condemnation."

Christian Endeavor 6:30 P. M., Topic, "Winning our friends for Christ."

Preaching, 7:30 P. M., Miss Miriam Woodberry, National Secretary

Secretary of the Women's Home Mis-

sion Board will speak. Be sure to hear her.

Bible Study, Tuesday, 7:00 P. M. Subject, "Second coming of Christ as taught in the bible."

Come and hear the orchestra at the opening of Sunday School every Sunday morning at 10:00.

If you are looking for a church home come and try ours. Our church building is to be renovated inside and out, at once. A committee is now busy looking after the material. We want it to be a real home for you. Come.

FORTY BUSY STORES

The Ultona, the exclusive all-record reproducer, a Brunswick invention. It plays ALL records at their best, with the proper needle, the proper diaphragm. Not an attachment, but a built-in part.

Critical Music Lovers Prefer THE BRUNSWICK

It is always a certain friend, an enthusiastic one, we find, who hears The Brunswick and then compares it.

The ear is quick to appreciate its superior tone. The eye is quick to note its finer cabinet work. And the mind is quick to reason out why Brunswick is a final-type instrument in every way.

The Brunswick Method of Reproduction has brought new standards in the phonographic art---better tone, truer tone. Tones hitherto lost are now ever-present.

Every hearer is convinced. That is the reason for the great popularity---that accounts for The Brunswick winning such headway in a field where limits were supposed to have been reached.

Since The Brunswick came, they all say "Plays all records." But just you find out how they do it and then investigate the Brunswick way.

ONTARIO FURNITURE COMPANY

Furniture Undertaking

The Brunswick Tone Amplifier, a great improvement. Moulded entirely of wood---no cast metal used. Tone waves vibrate and enlarge properly, bringing a finer, richer, truer interpretation.
