

FRUITLAND BENCH

CO-OPERATIVE COMPANY BUYS JOHNSON'S FRUITLAND STORE

Daughter of Fruitland Bovine Makes World's Production Record—John-Hill Wedding—Other Fruitland News

The Payette Co-Operative Company on Saturday closed a deal whereby they purchased the Fruitland store owned by P. E. Johnson. The price paid has not been given out. The final papers will be made out only when the stock for the amount can be subscribed. Mr. P. E. Johnson has been in Fruitland in the merchandise business for many years and has built up a large business and just the past year built an addition costing \$6,000 and put in a gas station in connection with it.

"Daisy Pioneer Clyde" a registered Holstein, herself with a record of thirty pounds of butter fat in seven days, formerly owned by H. R. Boomer representative elect from Payette County, has a daughter, two years and eight months, which has made the world's record for a Holstein her age. She produced 25 pounds and more in the seven days. "Daisy" before being owned by Mr. Boomer was owned by H. Troxell, of

Fruitland, who had brought her to the Payette Valley from his home in Nebraska. Mr. Boomer sold her at the age of twelve years to a Washington man for \$1,000. She was afterwards purchased by a North Dakota stock raiser and is now there.

Thursday at high-noon at the home of Mr. and Mrs. J. N. Hill on Riverside Avenue occurred the marriage of their daughter, Lucile, to Mr. Ralph E. Johnson, son of Mr. and Mrs. M. E. Johnson, of Alliance, Nebraska. Rev. Van Dusen of the M. E. Church of Fruitland officiated at the ceremony. The guests aside from the immediate family were, Mrs. E. A. Linck, Mr. and Mrs. Tom Brown, Mr. and Mrs. M. E. Johnson, of Alliance, Nebraska and Miss Edith Blomstrom. Mrs. Johnson is one of Fruitland's most lovable young ladies and her many friends are wishing her only that which is the best in life. Mr. Johnson is a young man of splendid character and is to be congratulated. The bride and groom spent a short honeymoon in Boise and are now at home on the groom's ranch one mile east of Fruitland.

Wednesday night of this week the Fruitland M. E. Church are trying out an experiment in what is known as a "Church Night". The members will bring their supper at seven, after which a half hour's prayer service will be held, followed by a Board meeting of the church and choir practice. This plan was talked over in a recent Ladies' Aid meet-

ing and if successful will be made a permanent feature.

Tuesday evening of last week Mr. and Mrs. J. N. Hill entertained at their home on Riverside Avenue a large number of their friends who had gathered to receive election returns. Refreshments were served, a good time had and only at a late hour did they return to their homes.

Mrs. Louise Ward and her sister, Miss Finch were entertained to dinner last week at the home of Mr. and Mrs. J. H. Norris.

Saturday night about thirty Fruitland friends of Mr. and Mrs. William Hendrex went to their home in Payette to attend a party. There were Payette guests there also and only early in the morning did they return home. Sandwiches, coffee and cake were served.

Charles L. Rich has the contract for grading two and a half miles of the Highway leading past the Burnett-Sargent homes and has a large number of teams and men at work.

Little Margaret Davis is improving slowly at the Blanchard hospital in Payette. It is necessary most every day to remove the pus from the lung.

Mr. and Mrs. M. E. Johnson left Friday evening for Alliance, Nebraska after spending the summer here with their son, Mr. Ralph E. Johnson.

Mr. and Mrs. Tom Brown went to Boise Saturday to visit their daughter, Miss Dolly, who is attending school there.

Mr. and Mrs. John Anderson will leave Wednesday of this week for Parma after spending two or three weeks with their many Fruitland friends.

Mr. and Mrs. Ernest Anderson came up from Parma Sunday and after attending church spent the day at the home of Miss Esther Russell.

John Lewis is home from Lostine, Oregon, having brought home with him a car of heifers for the ranch near Fruitland. His father and mother are moving from Lostine to Payette.

Arthur Holbrook has returned from Boise where he went for medical attention.

Grant Fiser is in the middle west, having gone last week with a car of apples.

Value of Corn Silage
By E. F. Rinehart

A very common practice is to estimate good silage worth five-eighths the value of hay—that is, when hay is worth \$16 per ton silage, is worth \$10 per ton. Other sections take it at one-half the value of hay, and some, especially those of the east, at one-third. The Indiana station, as a result, arrives at the following conclusion in comparing the value of silage with grain:

Grain, per cwt.	Silage, per Ton.
\$1.25	\$5.00
1.50	6.00
2.00	8.00
2.50	10.00
3.50	12.00

Figures given in the Crop Reporter shows a decrease in the total number of cattle in the United States of 8 per cent on June 1 as compared to the same date in 1919. The decrease in number of hogs for the same period is given as 11 per cent.

There is a lot in the adage: A good sire is half the herd and a scrub is all of it.

The woman who carries water lifts an average of one ton a day, if she lifts each gallon three times.

A good slogan for every school and home, "A bottle of clean, sweet milk in every school lunch."
