Help Your Moulting Moults

THINK of the amount of hen energy, vitality and red blood required to grow a thousand feathers—the average plume! A moulting hen needs good health—good appetite—good digestion.

Dr. Hess Poultry Pan-a-ce-a

helps poultry through the moult and starts pullets and moulted hens to laying. It contains tonics for the appetite, tonics to aid digestion. It tones up the dormant egg organs. It contains iron that gives a moulting hen rich, red blood and a red comb. No disease where Pan-a-ce-a is fed. By all means feed your moulting hens Dr. Hess Poultry Pan-a-ce-a.
