Don't Miss it.

# SHIPWRECKED among CANNIBALS

The Amazing Adventures of Edward Laemmle and William F. Alder among the Man-Eating Savages of New Guinea

NEVER have you seen any pictures like these—the result of a shipwreck on a cannibal island, where women slash and tear their bodies to make them beautiful, where men torture their faces out of all human semblance, where children's playthings are human skulls.

TAKEN under circumstances of the greatest peril, these six marvelous reels are the only pictures ever made of the ferocious Kia Kia man-eaters and head-hunters, now fast vanishing from the earth. See it as a drama, as an educational, as a scenic. You will never see its like again.

And in Addition **Harold Lloyd** in the comedy "GET OUT AND GET UNDER" Special
