

EUROPEANS PLEADING FOR THEIR CHILDREN

Elder Generation Sacrifices So That Hope of Future May Receive Means of Life.

The one optimistic note in the desperate need prevailing through the war-torn areas of eastern Europe is the extraordinary and touching faith of the people in the children. The elder generation has put all its hope and trust in the future of the generation now in its early years. In fact, in many instances it is deliberately sacrificing itself for the children, the Europe of tomorrow.

In the war-ravaged districts supplies necessary for maintenance of institutions are lacking, but it has been noted that always the request for outside aid emphasizes the needs of the orphanages. How marked is this inclination was indicated by the fact that one district of Poland the authorities, appealing to an American relief organization for assistance, asked assistance for only one military hospital, four general hospitals and twenty orphanages.

The appeal has reached America with the result that because they know that literally millions of European children face starvation and death from disease unless the aid that only this country can give is forthcoming, eight great American relief agencies have banded together under the name of the European Relief Council to raise \$23,000,000 needed to tide the baby generation of Europe over possibly the most critical winter it has yet faced. These are the American Relief Administration, the American Red Cross, the American Friends Service Committee (Quakers), the Jewish Joint Distribution Committee, the Federal Council of Churches of Christ in America, the Knights of Columbus, the Y. M. C. A. and the Y. W. C. A.

FOREIGNERS SENDING VAST RELIEF HOME

Over 90 Per Cent of Food Drafts Sent to Europe Gifts From Immigrant Population.

Out of their earnings, for the most part as unskilled laborers, living from hand to mouth, the foreign-born element in the United States is contributing largely to the funds for food supplies to aid the starving peoples of their native lands.

Figures from the Food Draft section of the American Relief Administration show that \$208,110 had been sent to Poland, up to the end of November, \$158,170 had been sent to Czechoslovakia, Hungary had received \$221,700, Germany had \$1,445,819 and Austria \$2,046,720. It was estimated that more than 90 per cent of this money had been spent by nationals of these various countries who are now in the United States. There are about 1,500,000 Poles, 800,000 Hungarians, 500,000 Czechs and 600,000 Slovaks in this country.

The profits which resulted from the sale of these food drafts have been turned into the fund for general child feeding. It is to bring this fund up to the point where it can meet the demands on it, to save the lives of 3,500,000 children that the European Relief Council has been formed by eight great relief organizations.

Rickets Did This.

This Vienna child is six years old, but because of the ravages of rickets, the disease born of under-nutrition that has stricken thousands of European children, she is able to toddle about only by dint of supreme effort. The spread of this terrible disease of childhood and the rescue of those already in its grip can only be accomplished by America. That is why eight great American relief organizations have banded together under the name of the European Relief Council in a joint appeal to the American conscience for funds.

RESOLUTIONS PASSED AT SECOND ANNUAL MEETING OF MALHEUR COUNTY FARM BUREAU

At the annual meeting of the Malheur County Farm Bureau the following resolutions were passed:

RESOLUTION

Abolish Coyote Bounties
WHEREAS; it has been called to the attention of the voters that in the past year Malheur County has paid bounties for coyotes in the total sum of more than \$3,000, and whereas it has been demonstrated that the bounty system is entirely inadequate to meet the problem presented by the presence of coyotes, and

Whereas, the work of the U. S. Biological Survey with its trained hunters has given greater satisfaction, at far less cost to the counties and states where it has operated, be it

RESOLVED: that we request our representatives in the legislature to use their every effort to repeal portions of the present bounty law at the coming session of the legislature, making the payment of bounties optional by the County Court, and that we request our County Court to substitute the Biological service for the bounty system as soon as practicable.

Community Co-operation

WHEREAS; During the past year, the Farm Bureau has received marked co-operation and assistance from the various towns of the County, which co-operation has materially assisted the bureau and its officers, be it hereby

Resolved: that we express our appreciation to the Cairo Grange for the use of its hall for meetings on various occasions, and J. A. Boydell of Nyssa for the use of office room in his office at Nyssa, and the City Council of the City of Ontario for the use of office room in the City Hall in Ontario, and the Ontario Commercial club for donation of \$150 to assist in inaugurating the dairy campaign, and the Vale Chamber of Commerce for its co-operation in promoting the success of the bureau, and be it further

Resolved: that we commend the spirit of co-operation existing between the communities of the county and the ranchers, and urge its continuance for the mutual advantage of us all.

Work of Officers Commended

WHEREAS; During the past year it has been amply demonstrated to all who have come into contact with the many activities of the Farm Bureau, that never in its history has the Farm Bureau been so fortunate in its officials; therefore

We desire to express our sincere appreciation to the County Court, Hon. E. H. Test, County Judge; County Commissioners J. F. Weaver and Frank M. Vines, for the co-operation and assistance they have rendered the Bureau; and be it further,

Resolved: that we commend the work of V. V. Hickox, and all of the subordinate officials of the Bureau; and be it further resolved that we do here and now recommend the continuance of the work so well begun under the direction of L. R. Briethaupt, County Agent, and also of Miss Mazie Wilson, County Club Leader, and be it further

Resolved: that in promotion of all the interests of the county, there is no interest nearer and dearer to the hearts of all of us than that of the boys and girls of Malheur County, therefore, be it resolved that

We recommend the continuance of the work of the boys and girls clubs

Co-Operative Marketing
WHEREAS; There was placed on a portion of this county an embargo on the shipment of alfalfa which had not been for the activity of the Marketing Committee of the Farm Bureau would have been more

drastic, and more injurious to the interests of the ranchers of this section, be it

Resolved: that we commend the Marketing Committee for its work in keeping the quarantine within limited area and in securing permission for the shipment of alfalfa meal from all the quarantined area, and in securing a reduction of the original boundaries of the quarantined region, and be it further

Resolved: that we commend the committee for its work in co-ordinating and combining the needs for various seed crops and in securing pure seed for the ranchers to their material saving, and be it further,

Resolved: that we urge an extension of this practice among all our members as one that is economically sound and justified by the results so far obtained; and be it further,

Resolved: that we urge an extension of this practice among all our members as one that is economically sound and justified by the results so far obtained; and be it further

Resolved: that for the continued marketing of our alfalfa crop products in regions without the county, that we urge upon the marketing committee an investigation to determine whether or not it is possible to secure the establishment and maintenance of vacuum fumigator, to the east of this section, if possible at Pocatello, Idaho and to the west, possibly at Huntington, Oregon, and to take such steps to secure favorable legislative or departmental activity to bring this about.

Approve Diversified Farming

WHEREAS; It has been amply demonstrated during the past year that, when other portions of the country have adequate hay crops, there is not a market for the disposal of all the alfalfa hay grown in the Snake and Malheur valleys, at prices which return to the grower a fair reward for his labor, let alone an adequate return for his investment, therefore be it

Resolved: that we endorse the work of the Crop Improvement committee of the Malheur County Farm Bureau for its work for a program of diversified farming in this county, and urge our members to co-operate with the committee in carrying out this program to the end that the ranchers themselves increase their herds of livestock so that a better balance will be maintained between the hay produced and the stock to consume it; and thus convert our basic product into material which can stand the test of transportation to the consuming markets, be it further

Resolved: that we urgently request the co-operation of the commercial bodies of the county, the banks and other mercantile institutions, the newspapers and all interested in the welfare of our county as a whole, in this undertaking and be it further

Resolved: that whereas the consummation of this program, so beneficial in its results for the entire county and every interest therein, will demand a greater sacrifice of time, effort and investment on the part of the farmers than the other citizens of the county, we take this occasion to commend to their neighbors

Urge Enactment of Herd Law

WHEREAS; There is need for the enactment of adequate herd laws for the protection of ranchers in the irrigation sections of the county, because of the injury annually suffered by ranchers thru the depredations of stock running at large, be it

Resolved: That we urge upon our Senator Charles W. Ellis, and Representative J. J. Gallagher, the pas-

"for clean oil in a clean engine"

MODERN CRANKCASE CLEANING SERVICE

How many miles have you driven your car?

HOW many miles—without changing engine oil? Dirt accumulates in the oil of every engine—carbon, road dust, fine particles of metal, and gasoline that has escaped past the pistons. This dirty, diluted oil circulating through your engine causes unnecessary wear on bearing surfaces.

Have it drained out—now—and fresh oil put in the crankcase.

We can do that for you conveniently, quickly, economically—with

WHAT you lose thru baking failure must be added to baking costs—it has to be paid for.

Calumet Baking Powder will save you all of that. Because when you use it—there are no failures—no losses. Every baking is sweet and palatable—and stays moist, tender and delicious to the last tasty bite.

That's a big saving—but that isn't all. You save when you buy Calumet and you save when you use it.

Pure in the can - Pure in the baking

CALUMET BAKING POWDER
"BEST BY TEST"

It is reasonable in cost and possesses more than the ordinary leavening strength. You pay less and use less. You get the most in purity, dependability and wholesomeness.

In every way — it is the best way to keep down baking costs. That's what has made it the world's biggest selling baking powder — has kept it the favorite of millions of housewives for more than thirty years.

Pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. instead of 16 oz. cans. Be sure you get a pound when you want it.

Calumet Sunshine Cake Recipe
1/2 cup of butter, 1 1/2 cups granulated sugar, 2 1/2 cups flour, 1 cup water, 2 level teaspoons Calumet Baking Powder, 1 teaspoon lemon, yolks of 2 eggs. Then mix in the regular way.

Only America Can Keep These Pots Boiling

This snapshot of an American feeding kitchen in still prostrate eastern Europe shows what America means to the otherwise helpless children of the war-swept nations. Funds supporting these outposts of succor and other agencies for the relief of children stricken by the disease caused by under-nutrition have run out, and that the work may not cease, depriving millions of the innocent of their only hope for life, eight great American relief organizations under the name of the European Relief Council are banding together in a joint appeal to the American conscience in their behalf. These agencies are the American Relief Administration, the American Red Cross, the American Friends Service Committee (Quakers), the Jewish Joint Distribution Committee, the Federal Council of Churches of Christ in America, the Knights of Columbus, the Y. M. C. A. and the Y. W. C. A.
