house which adds quite a bit to the looks of the place.

### EGGS AND CREAM **GIVE BARNUM FAME**

The creamery at Barnum, center of a little" cutover" community in Northern Minnesota, paid \$282,269,-96 for eggs and \$814,324.63 for cream brought in by patrons during the decade ending December 31, 1920. The grand total for eggs and cream during the ten years was \$1,096,594.59, says The Farm News of the University of Minnesota. Eggs and cream marketed by farmers at Barnum to 1920 brought cash returns of more than a quarter of a million dollars, or, to be exact, Wm. \$268,523.19. These figures have just been transmitted by the creamery men to the agricultural extension

In 1911, the first year of the decade, \$8,094.47 was paid for eggs. Only in one year, 1913, did the egg money fall below that of the previous year. In all other years there was a consistent increase until, in 1920, the egg money amounted to \$69,793.00. Starting the decade Mrs. Daus are expecting a visit soon with \$25,767.09 paid out in 1911 from another son, Dr. Ernest A. for cream, \$198,730.13 was paid for with \$25,767.09 paid out in 1911 has this product in 1920. Each year showed a steady gain. Making due He has been transferred to allowances for the higher prices paid the Pacific Coast and will visit here the last few years for both products, the number of eggs marketed increased at least five-fold and the quantity of cream at least three-fold.

Every cream day at Barnum-Monday, Wednesday, and Friday-an average of \$445 is paid out for eggs alone.

Barnum's farms are small, averaging no more than 90 acres with an average of but 31 acres cleared to the farm. The farmers grow roughage for their dairy stock, and potatoes and other root crops. They haven't the cleared tand for very much grain and are constant buyers of this kind of feed.

#### ANOTHER NORTHWEST COW ESTABLISHES WORLD RECORD

Seattle, Wash, Feb. 18-When Mother Goose' celebrated cow jumped over the moon she set a bovine altitude record which is yet unequaled, but a Western Washington cow has just broken all long distance records for milk and butter production and won for herself a place in the

Segis Pieterje Prospect is the name of this new world champion and she is an honored member of the famous Holstein nerd owned by the Carnation Milk Stock Farms. In a test lasting 365 days. Prospect produced 27,281.1 pounds of milk, containing 1,448,68 pounds of but-ier, exceeding the previous record, held by Tillie Alcartra of California, by 3,958 pounds of milk and 125 pounds of butter.

During the entire year of the test, which was made under the super-vision of officials of the Washington State College and of the Holstein-Friesian Association of America, she was milked four times per day. Carl Cookerell surfaymed this tech Gockerell performed this task, miss-ing only four milkings in 365 days, in itself a remarkable record.
