

WOODEN ANNIVERSARY SALE

TEN YEARS AGO the ONTARIO FURNITURE CO. opened for business with a stock that was equalled by none in this community, and through the hearty support of the public it has been able to maintain a housefurnishing stock that is equalled by only a very few places of its size in our country. *Ontario Furniture Co's.* policy has always been, and will continue to be to "Buy Merchandise that is dependable" and when we sell it, if it does not prove to be just as it is represented to you it is replaced without charge. There are only three things that you are looking for, *Service,*

Quality and Price, and these are the three things we will strive continually to improve. Never has any merchant offered his merchandise at these low cut prices and then offered you *CREDIT.* You ask, "What's the object?" It's this: We are all aware of the fact that ready cash is short; we have lots of merchandise, we have lots of faith in our community, and that financial conditions are going to thrive from right now on. If we did not believe this we would not offer to carry your account at these low prices, as we are risking more than you. *Read the terms---then the prices.*
