CLUB LEADER WORK IS ENDORSED BY PARENTS

(Continued From Page One)

6. That the County-unit plan of taxation for public school support is a more uniform and equitable form of school taxation than the present local district system and should supplant it.

7. That there is a crying need of better motion-picture films of real educational and recreational value.

8. That every parent should visit school at least once a year.

9. That more and better music is needed in our schools.

10. That there should be a more extended use of lantern slides and motion-pictures in actual school work.

11. That these resolutions be published in all the papers of the county.

In the morning meeting the following officers were elected for the coming year: Mrs. J. B. Smith, President; Mrs. Schweitzer, Secretary-Treasurer. It was also decided to divide the County into four districts, each of which is to elect a vice-president. In the afternoon the meeting was opened by an address of welcome from Rev. Shields, followed by a response from Mrs. Will J. Roberts, vice-president of the Council. Mrs. Dick Tensen, president of the Nyssa Chapter, also gave a short talk of welcome. Mrs. Bruce Keester, vice-president of the State Parent-Teachers' Association, gave an illuminating report of the last State meeting. In a talk on the "Parents' Part in School Life" Mrs. E. M. Dean emphasized the plight of the country child in his lack of educational opportunities. A discussion led by Mrs. Roberts followed. Next the question of school attendance was taken up by Mrs. Will Beam and a full and detailed explanation of the Compulsory School laws of Oregon was given by Supt. J. M. McDonald of Ontario. The general discussion that followed resulted in the general conclusion that the laws are all right but that they are not enforced. Mr. Wellman, County Club Leader, outlined the progress made in club work in Malheur County and urged that farm life be made more attractive to boys and girls living on the farm. Mr. E. M. Dean led the discussion and, as one of the men responsible for introducing the extension work of the Oregon Agricultural College into the County, defended the work of the County Club Leader and of the County Agricultural Agent. The last topic discussed was "The School as a Center for Recreation" by Supt. Lustice.

A report of the meeting of the County Council would not be complete without mentioning the delightful songs sung by the quartet composed of Mrs. C. C. Hunt, Miss Jessie Reese, Mr. Phillips, and Mr. Hunt, and the piano duet by Mrs. Dick Tensen and Mrs. C. C. Hunt. Finally a set of resolutions were adopted and Mrs. Schweitzer was chosen as delegate to attend the meeting of the State Parent-Teacher's Association.

FARNUM APPEARS IN THRILLING PICTURE

"The Scuttlers," in which William Farnum opens Wednesday May 11 at the Majestic theatre, is an absorbing and sensational story of the sea. William Fox, the producer of the picture must have gone to great expense to put this story on the screen. A 250-foot

ship is used for most of the scenes, and this vessel is sunk far out in the Pacific, after a series of dramatic incidents that are gripping in the extreme.

The story is that of a man who is hired to ship as a sailor in order to learn if the captain is guilty, as suspected, of scuttling his ships for the insurance. To avoid suspicion Farnum, as Jim Landers, allows himself to be shanghaied. He finds himself under a brutal first mate, and the mate at once shows that he dislikes Landers more than any one else on board. Soon Erickson, the mate, beats a boy and Landers knocks him down—for which Landers is promptly put in irons. But his position is not so bad as it might be, because the captain's daughter, Laura—played by Miss Jackie Saunders—comes to his aid with food and a file.
