THOMAS H. INCE PRESENTS  
**DOUGLAS MACLEAN**  
AND  
**DORIS MAY**

IN "LET'S BE FASHIONABLE"  
A Paramount Artcraft Picture

It was dawn! The merry party had ended hours before. But hubby, a wreck in torn clothes covered with overalls, had just sneaked back from seeing a pretty woman home! Slowly, surely, his well-planned explanation was wearing down wife's wrath when—something happened! If it's laughter you're after—"Let's Be Fashionable!"

—WITH A—  
**Harold Lloyd Comedy**  
"NUMBER, PLEASE"

# Facts

about your crankcase

Road dust, carbon, fine metal particles and other impurities accumulate in your crankcase oil from engine operation.

The gritty oil circulates through your engine, impairing its performance, and ultimately leads to rapid depreciation and repairs.

Automobile manufacturers recognize this danger, and in their Instruction Books, carefully advise regular draining and flushing of the crankcase.

These important instructions are often disregarded; cleaning the crankcase is a job generally disliked.

To meet this need, Modern Crankcase Cleaning Service has been established by first-class garages and other dealers, co-operating with the Standard Oil Company. These garages and dealers use Calol Flushing Oil, — the scientific agent that cleans out old oil, dirt, grit and other impurities, and does not impair the lubricating efficiency of fresh oil used.

The cleaned crankcase is refilled with the proper grade of Zerolene.

STANDARD OIL COMPANY  
(California)

Look for

the garage or dealer displaying the sign shown here—it means "Best operation and longer engine life." A service promptly given at a nominal cost.
