

**POULTRY MEN EVIDENTLY NOT GREATLY INTERESTED**

**County Agent Gives Candid State-Organize Poultry Growers Into Marketing Organization**

In the following letter L. R. Breithaupt, county agent, this week told the poultry raisers of the county the results of the effort to effect a branch of the Pacific Poultry Association in Malheur and adjoining counties. This is what he had to say:

"As several of the poultrymen have asked about what was done at the meeting held recently to consider marketing organization I am going to assume that it would be of interest to the poultrymen of the county in general, even though there seemed to be no interest as judged by attendance at the meeting. I think the reader cannot but pardon a plain statement of the case to date.

"Owing to the numerous complaints which have been voiced about the price of eggs and the apparent desire for better marketing facilities I took it upon myself to get U. L. Upson here, during farmers' week, last winter to tell about the Pacific Poultry Producers' Association, a purely cooperative marketing organization of poultrymen doing business in western Oregon and Washington. His address aroused a good deal of interest and at least one of our poultrymen joined the association. This man shipped eggs all spring and summer to the association at Portland, BY EXPRESS AT A COST OF SIX CENTS PER DOZEN, and made it pay. The association charges two cents per dozen for handling and marketing the eggs, aside from transportation. This made his total cost eight cents per dozen, and still it paid because of the superior marketing facilities of the association. But if the six cents express or most of it could have been eliminated it would have paid much better.

"About two months ago the people over in Idaho also got wrought up about the price they were getting for eggs and the county agents were led to believe that the poultrymen wanted some help along these lines. A meeting was called in Boise, which was attended by enough poultrymen to form a pretty good association. They came from several counties, Malheur being represented well. I took the trouble to get Mr. Upson to this meeting also, and took our marketing specialist over to help out. A committee representing each of six counties in the Snake River Valley was appointed and a series of meetings were held to ascertain the sentiment of the people, and two or three meetings were held at Caldwell the whole requiring considerable time and expense.

"All of this time enthusiasm ran high among the poultrymen so that the committee decided to schedule a series of county meetings and import Mr. Upson for a week in order that he might explain his association to all of the poultrymen, with the idea in mind that a branch of the Pacific Association would be formed here with sufficient volume of business to justify local candling and assembling plant, thus doing away with most of the six cents express I referred to earlier in this letter.

"At no little trouble and expense these meetings were held. Most of them turned out about like the Malheur county meeting where there were less than ten per cent of the poultrymen present and most of these were already familiar with the association from having heard Mr. Upson last winter. The result was indeed disappointing—not that it makes so much difference whether there is an association or not, except to the poultrymen themselves but it has caused those who have spent so much time trying to do what the poultrymen seemed to want, to lose faith in trying to do anything to better conditions whatever.

**IRONSIDE NEWS**

Mr. and Mrs. W. R. Lofton and daughters, Mrs. Bert Lawrence and Mrs. Alva Lawrence of Unity went to Baker to celebrate the 4th.

Mr. and Mrs. H. C. Elms and Mr. and Mrs. H. F. Elms celebrated the 4th in Baker.

Mr. and Mrs. R. M. Carlile of Ontario visited with Mr. and Mrs. H. C. Elms Sunday and went on to Baker Monday.

Mr. and Mrs. Arthur Nichols went to Weiser to spend the 4th with relatives. A royal good time was reported.

E. J. Beam and family went to Nyssa and Vale for the 4th celebration.

A. M. outFqACMFWYPETAOI TT A number of Ironside people met at the home of Fred Lawrence and had a picnic on the lawn Sunday. John Smith and family of Brogan and Mr. and Mrs. C. Smith of Vale were guests for the day.

Mr. Boroman of Bonita was an Ironside visitor Wednesday taking back a team of horses.

G. A. TuremanfH T39RADO4440 Mr. and Mrs. G. A. Tureman, Jody Lawrence, and Herman Rose returned home from Baker Tuesday.

Mr. Styles of Vale is in this vicinity and will work for Fred Lawrence through haying.

Mr. Sullivan of Ontario who has been visiting Carol Lacey the past couple of weeks will stack hay for W. R. Lofton.

Archie Davis of Portland came up to make final proof on his homestead near Ironside.

H. C. Elms went to Baker Saturday on business.

Mr. and Mrs. James returned home from Unity Wednesday after a couple of weeks visit with relatives.

Ironside farmers are all haying. Crops are fine.

Miss Dottie Lacey is visiting relatives and friends in Ontario.

Mr. and Mrs. J. P. Smith returned home from Brogan and Vale Friday where they attended the Chautauqua.

Ivan and Roscoe Welch from Malheur river are working for Fred Lawrence in the hay field.

Miss Nora Lathrop returned home from Bonita where she spent the fourth.

Harold Gurney, Carol Lacey, Mr. Sullivan, and Orville Nichols went to Baker the fourth.

Milens Elms was an Ironside visitor from Unity Wednesday.

William Elms went to the Rutherford Bros. ranch near Malheur Thursday for machinery for haying.

**OREGON SLOPE**

Mrs. Harry Feldscher and daughter Margaret spent several days the past week at the Otto Miller home.

The Wm. Vincent house and barn has been moved and the Highway work is moving on rapidly.

The children of the Park Sunday school had a picnic at the Jonas Brown home last Wednesday afternoon. Games and a fine lunch were greatly enjoyed by all.

Stella Newton planned, and with the help of others, carried out a very happy surprise for Mrs. Applegate at the latter's home in Payette last Tuesday afternoon, the occasion being Mrs. Applegate's sixty-first birthday. There were about thirty-five present. The old neighbors and friends from the Slope who attended were Mrs. Feldscher, Mrs. Chaner and daughters, Ruth and Ruby, Mrs. Beknap, Mrs. Sullens, Mrs. Tomlin and Ruby Tomlin.

Mr. and Mrs. N. G. Sullens and Clarence Sullens from near Vale spent Sunday with the Geo. Sullens family.

Mrs. Lias left Wednesday for an extended visit with her daughter and little granddaughter who live near Seattle.

Lee Brown accompanied a carload of cattle to Portland the past week.

Chas. and Jessie Lias spent Sunday at the Langley home.

The Ladies Improvement Club met with Mrs. Sullens last Thursday afternoon. The annual election of officers took place. Mrs. Tomlin was re-elected president, Mrs. Jonas Brown vice-president, Mrs. Harry Lottig Secretary-treasurer, and Mrs. Otto Miller Club Correspondent. The reports of the various committees were given and committee appointed to work out program for the coming year. Meetings will be discontinued until fall. Mrs. Sullens served dainty refreshments of ice cream and cake.

**POTATO GROWERS HAVE BIG CROP TO MARKET**

**County Will Produce Hundred Thousand Sacks of Spuds This Year—Nearly all Must Be Shipped**

In the following letter to the potato growers of the county L. R. Breithaupt, County agent, sets forth the general expansion of that crop this year and urges immediate preparation for proper digging and handling of the crop. His letter was as follows:

"It seems to me that the potato growers of Malheur county should take note of two things at this time. (1) That the old days of the potato game, when there were so few spuds grown that the home demand generally exceeded the supply, are gone. (2) That the statistics on prices show that the highest priced potatoes are those sold in August—not infallibly, but on the average.

"With regard to point 1, there will be harvested in this county from commercial fields 200 or more carloads of potatoes this year. This means 60 to 75 thousand sacks. Taking into consideration the great number of patches less than an acre in size, our potato crop may be 100 thousand sacks. This is somewhere around ten sacks for every man, woman and child in the county. LOCAL DEMAND will not take care of the crop any longer. A LARGE PART OF THE CROP MUST BE SHIPPED.

As to point 2 this county happens to be one of the few sections of the country which can put potatoes on the market in August. There are several good reasons for doing it, for not only is the price best then as a rule, but it saves all the storage and rehandling charges, shrinkage losses, etc., brings in early money to the grower at a time he needs it most and it clears the land in time for fall seeding. One thing, however, must be kept in mind—potatoes must be handled right when dug at this time of year. They must be taken from the field quickly and placed on board refrigerator cars and there must not be undue delay in the loading of the cars.

"It seems to me that it is time to begin getting ready to dig potatoes right now if the best results are to be had. That is, some plans must be made so the crop can be marketed as soon as it is ready. Some of the growers are going together in an association to try to help themselves along these lines and I have taken an interest in helping the work along hoping that it would help meet the situation.

**THAT'S OUR IDEA** in making **CAMELS—the Quality Cigarette.**

Why, just buy Camels and look at the package! It's the best packing science has devised to keep cigarettes fresh and full flavored for your taste. Heavy paper outside—secure foil wrapping inside and the revenue stamp over the end to seal the package and keep it air-tight.

And note this! There's nothing flashy about the Camel package. No extra wrappings that do not improve the smoke. Not a cent of needless expense that must come out of the quality of the tobacco.

Camels wonderful and exclusive Quality wins on merit alone.

Because, men smoke Camels who want the taste and fragrance of the finest tobaccos, expertly blended. Men smoke Camels for Camels smooth, refreshing mildness and their freedom from cigarette aftertaste.

Camels are made for men who think for themselves.
