It took YEARS and YEARS to develop CAMEL QUALITY

We worked on Camels for years before we put them on the market. Years of testing—blending—experimenting with the world's choicest tobaccos.

And now, EVERY DAY, all our skill, manufacturing experience and lifelong knowledge of fine tobaccos are concentrated on making Camel the best cigarette that can be produced.

There's nothing else like Camel QUALITY. And there's nothing else like Camels wonderful smoothness, fine tobacco flavor and FREEDOM FROM CIGARETTY AFTERTASTE.

That's why Camel popularity is growing faster than ever.

A better cigarette cannot be made.

We put the utmost quality into THIS ONE BRAND.

BEAT OLD MAN WINTER TO IT!

Here comes the lull between summer and winter, the best chance in the world to tighten your defences against the cold blasts that are on the way.

Is your machinery safely sheltered? A few dollars spent on sheds will save a lot of dollars invested in machines.

Are the roofs all waterproof? A few shingles here and there will stop the leak before a lot of damage is done.

The railroads are under a big strain already, moving crops and goods. If they are overtaxed coal may be short again. The time to buy winter coal is now, and the coal to buy is

ONTARIO'S GREATEST NEED TODAY IS SIDEWALKS

The appearance of Ontario as a city is injured by the lack of sidewalks, good durable Concrete sidewalks. The value of many good-pieces of property is lessened because there are no walks in front of them.

Is This Not True?

The only manner in which this condition can be remedied is to have the needed walks built. There is no need for delay on account of high prices. Concrete walks last for many, many years, they have not increased in cost as have other materials. They last longer and are cheaper and better than board walks.

WE CAN BUILD YOURS NOW

If you want a walk, if you need a walk, if you would have Ontario a better looking homelike city, let us
