ONTARIO MAN GETS TITLE TO LAND AFTER 20 YEARS

J. D. Billingsley Wins Patent To Section in Barren Valley Based On Script Bought From Hyde in 1900

An echo of the famous Hyde Land fraud cases which proved one of the sensations of the Roosevelt administration in 1907, was heard this week when after litigation covering 21 years J. D. Billingsley received a government patent on a section of land in Barren valley. The land is located in sections 2, 3, 10 and 11 in township 28 S., Range 38 E. W. M.

Mr. Billingsley based his claim to the land by reason of the purchase of script from F. A. Hyde & Co. who had secured this land through the use of lieu land selections, following the formation of a government reserve in a section of California withdrawing the original lands from entry.

After Mr. Billingsley claimed ownership of the Barren valley lands, the government contested on the grounds that Hyde made the selection on the basis of dummy entries. The first hearing held at Vale resulted in a divided verdict. Register Thomas Jones deciding for Billingsley and Receiver Fogarty against him. The case then went to San Francisco where the Commissioner decided against the claimant. This was appealed to the Secretary of the Interior and with 95 other cases growing out of the Hyde scandal were referred to a special matter at San Francisco in 1919. W. H. Brooke appearing for Mr. Billingsley. This time the commissioner was reversed and patent granted. It has taken two years however since the last trial to secure the instrument.

MAN THROWN TO PAVEMENT

LOSES ALL HIS UPPER TEETH

A. M. Peacock, of Fruitland, suffered painful bruises when his team ran away during the thunder storm, Wednesday evening. Mr. Peacock was coming to Ontario with a load of baggage for his daughter, Mrs. Robert Baldwin, of Everett Washington, who was to leave for her home. Down on the pavement near the bridge the team became frightened at the thunder and ran away, running into the embankment at the side of the road and throwing Mr. Peacock and the baggage from the wagon. Mr. Peacock struck on his head and shoulders and all of his upper teeth were knocked out and he suffered from bruises on arms and legs. The baggage was scattered along the road, and had to be taken home and repacked.

Mrs. Peacock who had been to Ontario in the car and was going home saw the team coming and in the excitement of trying to get out of the way did not recognize her husband.

Mrs. Emma Conover returned Sunday from LaGrande where she had been summoned by the illness of her mother.

WEISER HIGH COMES TO PLAY ON SATURDAY

Another Brilliant Contest on Gridiron Looked Forward To—Entirely New Back Field To Be Seen In Action

Luck of the hardest kind hit the Ontario High football team this week and caused Coach John T. Hughes to develop an entirely new back field. Lou Weaver who after two weeks practice was just getting into condition, turned in his suit, Monday and quit the team. He gave as his reason the belief that he had injured his side where he was hurt two years ago. Hugh Biggs was injured in the Boise game and had to leave and Sullivan has been shifted to quarter while Shea now works at end, thus an almost new back field is being worked into condition.

All this has been going on with the Weiser High coming here Saturday for a championship game, and Weiser and Ontario always demonstrate the fighting ability of their teams. Early in the season Weiser held Boise to an 8 to 6 score and since then has been going strong under the direction of Coach Albert Gibson.

HAY GROWERS CONGRESS

This is to notify you, writes County Agent Brethaupt in a letter to the hay growers of the county, that there will be a hay growers' Congress next Monday, October 31 at the Boulevard Grange Hall at Cairo, beginning at 10 A. M. A light lunch will be served at noon, after which the business of the day will be finished.

The marketing of this year's hay crop is perhaps the most important matter to be taken up. The prospective markets and manner in which they may be reached should be given attention, as well as the probable selling price of hay. Also something of the future prospects for the hay business.

I have invited the following persons to assist in the discussions because of the particular information they are able to give:

L. A. Hunt, Manager of the Oregon Hay Growers Association; H. A. Lindgren, Specialist in Livestock and Livestock Feeding; N. C. Jamieson, who has made a study of the price dairymen can afford to pay for good hay on the average; and Claud Wakeland, who had charge of alfalfa weevil control work in Idaho and Utah for several years. I am arranging also for several local men to be present to assist in the discussion of particular subjects.

This will be a county-wide affair and some of the hay growers from adjoining counties in Idaho will be present. It is impossible for me to send written notice to every farmer in the county, therefore I am notifying the principal hay growers as I have them on my list. I trust that you will consider this your affair and assist in it by making it known to all you meet.

Mrs. Frank Foster and children of Emmett were in Ontario for a few hours Wednesday.

Mr. and Mrs. Elmer Moulthan of Ironside are visiting Mr. Moulthan's parents, Mr. and Mrs. S. M. Moulthan, this week.

Mrs. Emma Conover returned Sunday from LaGrande where she had been summoned by the illness of her mother.
