

If Farmers Want Dairy Cows Now Is Time to Act; a Company to be Formed

Do the farmers of Malheur County want dairy cows? That is the question that the Commercial Club and the Farm Bureau want answered. If so then they want to know who wants these cows and how many they actually need.

The War Finance Board will loan money for dairy stock through a local loan company formed for that purpose. To finance this company it will be necessary for each man wanting cows to take 10% of the cost of the cows in stock of the company. That is if a farmer wants \$500 worth of cows it will be necessary for him to raise \$50.00 to pay for stock in the corporation. He will have from two to three years to pay for the cows, probably 50% of his cream checks being taken until the full amount due is paid.

The War Finance Board will not make any loans after July 1, 1922, so in order to take advantage of this opportunity to get money action must be begun at once. While full information as to the manner of proceeding is not yet available it is hoped to have this data within a few days. However, from the information at hand it appears that the company will be formed along these lines:—Supposing that a company is formed with a capital of \$10,000 cash it would immediately send a representative to Wisconsin or Minnesota or some dairy section and buy \$10,000 worth of cows. As soon as these cows were sold the notes would be sent to the War

Finance Board and rediscounted. The getting of this money and the selling of the cows would probably take one month. Then the \$10,000 received from the War Finance Board would again be invested in cows. This can be done over again from 5 to 8 times providing that action is secured on the organization of the loan company without delay? It is only a little over seven months from now to July 1, 1922, after which time it will be too late to make further loans. This means that if we start now we can only get about 7 times the amount of the Capital stock of the company to be formed.

It is understood that due to the shortage of hay in Wisconsin and some other parts of the East that they have a surplus of dairy cows on hand and that good Holsteins and Jerseys can be bought from \$60 to \$80 that will run from 250 to 300 pounds of butterfat. This is the kind of cows we want here. Before forming any company we must find out how many men want cows and can take 10% of stock in the company. This information should be forthcoming at once because we cannot do anything until we know the number of cows wanted and who wants them.

A coupon is attached to this article to be signed by those wishing dairy cows. Return this to the Farm Bureau at Ontario, or to the Commercial Club. For further information inquire of L. R. Briethaupt or W. H. Doolittle, both in the City Hall building, Ontario.

OREGON CLANS WILL GATHER AT BIG GAME

Elaborate Program Being Arranged At Eugene For Welcome of Old Grads—"Open House" To Be Reality

University of Oregon, Eugene.—Hundreds of alumni from all parts of the state are expected in Eugene on November 19 to attend the annual University of Oregon Homecoming, of which the Oregon-O. A. C. football classic for the state championship will be the principal feature. Special rates to Eugene for that date, which is expected to prove an additional inducement to graduates and former students to return to the school they once attended.

The program which has been arranged for the Oregon Homecoming covers three days. Friday night is the big Homecoming rally, in which two thousand students, and hundreds of mechanical noise-makers take part. The rally is to wind up at the monster Frosh bonfire to be erected on historic Kincaid field.

Saturday morning the alumni will be shown over the campus by student committees, while informal parties will be given by several organizations. At noon, a big campus luncheon is to be given for all alumni, guests and students, which will be followed by the Oregon-O. A. C. game. The annual cross-country meet between Oregon and O. A. C. will finish in front of the grandstand on Hayward field just before the start of the game.

In the evening the big Homecoming dance will be held. Due to the number of visitors expected this year, the dance will be divided, the alumni and upperclassmen dancing in the new Women's building, while the lower classmen and other guests dance in the Armory downstairs. Sunday informal gatherings will be held at all living organizations and a special vespers service will be held in the afternoon.
