### PROGRESS MADE IN SMITH-HUGHES COURSE IN-AGRICULTURE DURING FIRST YEAR HERE

The first year's work in the Department of Vocational Agriculture of the Ontario High School has just been completed and a final check made of the work. The Department was opened October 19th, 1920. It was the first time in the history that a state subsidized department of Agriculture had ever been attempted in this school and was considered a long time before actually adopted.

The object of the department is to teach the fundamentals of agriculture to those students who expect at some time to become farmers. Twenty boys enrolled for the work last October, later five of these dropped out for various reasons. A check of the project or outside work done as a part of the requirements of the department shows that \$480 was made by the fifteen boys. The highest return made by any one student was \$180 made by Joe Messer on a dairy project. One boy, however, lost on some hogs. Projects covering most every type of farming were carried on by the different boys. A list of some of the projects shows bee keeping, hog raising for pork, pure bred hog raising, dairy cattle, beef cattle, grain raising, farm management, alfalfa production and poultry.

In addition to this individual work the class as a whole did work such as constructing poultry houses, pens, feeding racks, self feeders, farm butchering and a number of like projects.

An important feature of the class work is stock judging. Last year an attempt was made to organize a stock judging team. The team selected went to Union, Oregon last June and won first place and had the high scoring man in the contest. A large silver loving cup was the reward of the team. By winning at Union the team was selected to represent Eastern Oregon at the contest to be held at Portland Live-stock Exposition which was held last week. In this the team took third place and again furnished the high man of the contest.

The students of the department were organized into an Agriculture Club and this club has had charge of the Farmers fair last spring, the Huskin' Bee this fall, and the father and son banquet last spring. The club intends to continue its work with the plan of developing a better understanding of the work of the department by the people.

Plans for the year include two main community projects. One is the milk testing. While it is impossible to give an official test because of certain requirements which cannot be fulfilled by a high school student, the tests made will be just as accurate. In each case the test will be a seven day one, or in some cases will be a continuous test for a period of six months. No charge will be made for the testing. The student making the test will be on hand to take samples. Since Malheur county does not have an official tester the work done will fill a big gap and will help the farmers to have a better idea of the cows which they keep.

The other community project is the seed corn testing and the treatment of small grain for diseases. In this work the treating will be done in the seed laboratory and will be as accurate as a test made by O. A. C. In the treatment of seeds the farmer will supply the chemicals, the students in charge will do the mixing and the treatment. All of this will be done free. Any time during the winter months the seed corn testing will be done.

It is the hope of the department that many farmers will take an interest in this work and allow the department to do them a real bit of good. At all times the practical side of the work is emphasized and only enough theory is added to complete the understanding of the work being done.

Last year only one class was organized. This year three courses are offered—Animal Husbandry, Farm Crops, and Farm Management. At present there are 44 students enrolled, an increase of 125%.

#### SUMMONS IN THE CIRCUIT COURT OF THE STATE OF OREGON FOR THE COUNTY OF MALHEUR

Geneva A. Dibble, Plaintiff.

### OREGON SLOPE

Sunday School at 2 p. m. Sunday at Park School House. Preaching service at 3 p. m. There were 40 out to church last Sunday to hear the splendid sermon delivered by Rev. Walker.  
Mrs. J. L. Brown called on Mrs. Osborne Tuesday afternoon.  
Mr. Cruse, Geo. Lattig and J. L. Brown motored to Melba Tuesday, looking after seed potatoes for the ranchers on the Slope.  
Mr. and Mrs. R. J. Brown and family were guests of Olive Wisby and family last week.  
Charles Skipper and son George left Sunday afternoon for Cambridge and Indian Valley to see about buying cattle.  
Mr. and Mrs. George Sullens and son Harold were guests Sunday of Henry Barker and wife of Fruitland, who entertained in honor of the third birthday anniversary of Harold Sullens.  
Mrs. Charles Skipper and Mrs. George Skipper visited relatives in Payette Sunday.  
Mr. and Mrs. Ira Ray and daughter Goldie spent Sunday evening at the J. L. Brown home.  
Mr. Frost, John Bartche, S. J. Swipson, I. L. Culbertson and Jack Barker made a trip last week to the head of Stacy Creek for poles and wood. They report over 200 loads

of wood hauled out of the forest reserve within the last three months, many people having put in their winter supply of fuel at a comparatively low cost.  
E. L. and J. L. Brown have leased the north forty acre tract of the Northrup ranch, and expect to put it out to potatoes the coming year.  
Mr. and Mrs. T. M. Northrup and family moved to Payette last week.  
Mrs. Lias, Miss Lias, Mrs. Mason Clough and Miss Maude Culp spent Saturday in Ontario where Mrs. Lias and Miss Culp are taking treatments for asthma.  
Mesdames Charles Skipper, Mason Clough and George Skipper were the guests of Miss Maude Culp Monday.  
J. L. Brown had the misfortune to get his foot badly hurt one day last week, when the horse he was riding reared and fell catching Mr. Brown's foot beneath.  
Mrs. A. M. Johnstone and children visited relatives in Nyssa Friday.  
Mr. and Mrs. Ora Milkin were Sunday dinner guests of Mr. and Mrs. C. A. Karst.  
Mr. and Mrs. J. D. Conner and daughter Pearl visited relatives at Jonatan, Idaho Saturday and Sunday.  
Mr. and Mrs. Austin Stonebreaker of New Plymouth and their guests, Mr. and Mrs. Eschbaugh and Mrs. Stonebreaker of Iowa visited P. M. Boals and family Tuesday.  
The Oregon Trail Highway was completed Monday across Dead Ox

Flat, which gives the people of the Flat the best road in this section of the country.  
Work is being started by the Houser Construction Company on that section of the Oregon Trail Highway from the Slide to the Baker line.  
The people of the Slope have just cause for rejoicing over the fact that they have such a splendid road to three good towns.  
Mrs. Otto C. Miller entertained at six o'clock dinner Thursday evening in honor of the birthday anniversary of Mr. Miller. The guests were Mr. and Mrs. S. E. Chapman of Payette and Mr. and Mrs. W. F. Vincent.  
Mr. and Mrs. Tom Carico and Mr. and Mrs. Roy Burrell visited friends in Ontario Friday evening.  
Mr. and Mrs. William Howard of Birdings Island, Mr. and Mrs. W. F. Vincent and Reva Miller were Sunday dinner guests of Mr. and Mrs. C. Welcher.  
Edgar Carico was quite badly hurt in the football game Saturday between Payette and the Inter-Mountain Institute, which caused him to lose several days of school.  
When Mr. and Mrs. Ira Cullen left the Methodist Church Sunday evening they discovered their car was missing. It was located Monday north of town on the Idaho highway by George Sullens, whose horse who had taken it had apparently ran out of gas causing them to abandon the car.

The ranchers in the Slope are all busy plowing their land for early seeding of spring wheat. A goodly share of the remaining acreage of alfalfa is being turned under by the farmers who realize the necessity of diversification of crops. A large acreage of early potatoes will be planted next spring, estimated at 400 acres.  
There will be a shadow social at Park school house Wednesday evening November 23. A cordial invitation is extended to all and an enjoyable evening is promised to all who attend.
