ONTARIO AND VALE

To the Housewives of Ontario

Do you know that the bread that won first prize at the Malheur County Fair last fall was made with Ontario Flour? It was.

Do you know that a number of housewives in Ontario who have the reputation of being excellent cooks use Ontario made flour because they claim it has a superior flavor and goes farther than other flour? We can furnish you their names.

Do you know that people who have come down and looked through our little mill and have seen us make flour tell us that our mill is as clean as a kitchen? Come and see for yourself.

We feel that we have a right to expect every housewife in Ontario to give our flour a trial because it is really a superior product in addition to being made right here at home.

Every grocer in Ontario handles our flour and they are authorized by us to refund your money without question or quibble if you are not entirely satisfied with our flour after you have given it a trial.

Its the dollar that stays at home that counts? All other things being equal we feel that everyone would rather use the home product. The price is the same and we guarantee the quality. What more can we do? Won't you give our product a trial when you place your next order for flour?
SINCERELY,

ONTARIO ROLLER MILLS
