Assurance was given that a packing plant would be installed in Weiser, Ontario and Payette, providing an acreage of fifty or more acres could be assured. George Lattig, chairman of the meeting, urged that as many as were able plant one or more acres of lettuce, and stated that it was his belief that this would be a way out of the financial difficulties, with which many ranchers are confronted. A large number of those present signed contracts and will prepare their ground for lettuce culture. The directors of the Payette Oregon Slope Irrigation District promised that irrigation water would be supplied whenever needed, which is a very important factor in the growing of lettuce.

RADIO CLUB GETS OUT ITS SECOND ISSUE OF "Q. R. M."

The Ontario Radio club has just finished putting out the second issue of its official organ. It is called the "Q. R. M. Magazine". This laconic title was suggested by the President Leonard Zimmerman. It means "local interference" or in other words that the club has a lot of pep and is stirring up the ether in the vicinity of Ontario.

The paper is 6 1/4 by 8 1/4 inches in size with 8 pages of snappy articles on Radio subjects. It was mimeographed by the members of the club on the machine used in the Commerce department of the Ontario High school. They were assisted by Miss Bayley, the commerce teacher, and various members of the advance class in typewriting.

It has a cover design drawn by Cecil Mullen, two pages of editorials and three pages of miscellaneous articles and jokes. The editor is Webster A. Jones; assistant editor Fred C. Heightsmen; business manager Leonard F. Zimmerman. Copies will be mailed to amateurs and radio clubs in Weiser, Boise, Caldwell, Nampa and Crane. Altho this is only the first issue the coming issues are planned to be made larger and better. The paper will be put out every month during the remaining months of this school year. It will be resumed when school commences in the fall.
