"The people want relief," said Mr. Lees, "from this burden and unless they get it, when the next school meeting is held they will secure it Mrs. J. A. McFall has as her guest then."

D. F. Graham injected some spice into the gathering when he anked why no taxpayers had presented themselves at the regular budget meeting, saying that was the place where the matter should have been settled. He received no answer. During the course of his remarks,

Mr. Lees declared that there was no desire to injure the schools, and that while recognizing that teaching was Mr. and Mrs. Nance of the P. L. put on by the Ontario Furniture Co. hard work and that the laborer was worthy of his hire, the salaries paid Saturday Mrs. Nance underwent a which two prizes of \$5.00 each were in Ontario were out of proportion serious operation at the Holy Rosary offered; Miss Teresa Mae DeFoe with the ability of the people to pay. The action of the budget board which made up the yearly budget was attacked though it was admitted that the board reduced the sum asked for by nearly \$7000. This was done when W. F. Homan suggested that the three members of Idaho, were excited over the sp-its visiting several days this week in the budget committee be included in the committee to be named by the chairman.

Superintendent's Salary

Although it did not develop as principal issue it was apparent that the principal bone of contention was the superintendent, next to this item the direction of discussion indicated that the agricultural department and the domestic science depart ments were most opposed.

H. C. Boyer and A. L. Cockrum benefit of those present. were called upon to express their views and both declared they de-Mr. Cosby discussed every phase of stred no radical curtailment in the the case and feeding of chicks from efficiency of the schools, but believed the time they are hatched to the that reductions might be secured time they begin laying as pullets. and still maintain the efficiency. It. He emphalsed the importance of was on Mr. Boyer's suggestion that withholding food for the first two or a committee be named to consider three days, keeping the chicks either , the matter, though the motion was in the incubator during this time or

How Malheur County's Taxes are Divided Among the Various Taxing Districts, Showing Valuations and Levies

For the information of its readers, The Argus herewith presents the tabulated statistics prepared by Assessor Andrew W. Graham, showing the valuations and the leives made in the various taxing districts, for the year 1921. A study of this statement will show the big differences in school levies in various districts, while for some districts no levy at all is made.
